Honorable City Council:

Re: Petition No. 2383 — James H. Cole Home for Funerals, Inc. request closure of the east-west alleys between Schaefer and Hartwell.

Petition No. 2383 of "James H. Cole Home for Funerals, Inc.", request for the outright vacation of a portion of the east-west public alley, 18.00 feet wide, in the block bounded by Florence Avenue, 50 feet wide, Puritan Avenue, 66 feet wide, Schaefer Highway, 86 feet wide, and Hartwell Avenue, 60 feet wide. This outright vacation is needed for the ground breaking of the new Northwest Chapel.

The request was approved by the Planning and Development Department, the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation, utility clearance and report. This is our report.

Detroit Water and Sewerage Department (DWSD) reports no objections to the outright vacation provided that the petitioners relocate the sewer at no cost to DWSD.

The Public Lighting Department (PLD) reports having overhead street lighting circuits running in requested area, the removal of PLD's pole and overhead wires will have an estimated cost of \$3,000.00.

All other city departments and private utility companies have reported no objections to the changes of the public rights-of-way. Provisions protecting utility installations are part of this resolution (if necessary).

I am recommending adoption of the attached resolution.

Respectfully submitted,

Honorable City Council:

Re: Requested Amendments to the City Zoning Ordinance as it regulates the setback of Cellular Antenna Towers and the proper venue for Conditional Land Use Hearings (RECOMMEND APPROVAL).

On September 11, 2008, City Council directed the City Planning Commission (CPC) staff to work with the Law Department and the Research and Analysis Division with regard to the siting of cellular communication towers and the requirement for, and jurisdiction over, public hearings for those towers. This came about because a citizen complaint to City Council about such a tower being constructed within a few feet of her home on a matter-of-right basis. This was possible because both her home and the tower site are industrially zoned, where cellular communication towers are a matter-of-right use. Presently a setback is only required from the lot line of R1 (Single-Family Residential), R2 (Two-Family Residential), and R3 (Low Density Residential) zoning districts.

This ordinance was drafted and revised by City Planning Commission (CPC) staff in conjunction with an interdepartmental review team that also included staff from the Planning and Development Department (P&DD), Buildings and Safety Engineering Department, Law Department, and Board of Zoning Appeals (BZA). While the Neighborhood and Community Services Standing Committee has been discussing the matter, after receiving the original citizen complaint, per Council's rules the hearing to amend the Zoning Ordinance is to be held by the Public Health and Safety Committee (PHSC).

**Scope of the Proposed Ordinance**

As directed, CPC staff has drafted an amendment to the Zoning Ordinance that would prohibit the construction of a cellular (Category "D") antenna tower within 120 feet of a single- or two-family dwelling, regardless of the zoning district of the dwelling or cellular antenna tower site (see Sec. 16-12-316, 61-12-317, 61-12-318, and 61-12-321 in the attached ordinance). As such a hearing before the Board of Zoning Appeals (BZA) for a dimensional variance would be required to construct a tower near a house. Similarly, collocation on such a tower would require a hearing before the BZA as an expansion of a nonconforming structure. This BZA public hearing would give everyone within 300 feet of the site notice and the opportunity to comment on the proposal. Presently, if the tower site and dwelling are industrially zoned, no hearing is required and the use is permitted "by right." Such was the situation on

Humboldt Street, objected to by the citizen in her comments to Council.

Also included in the proposed amendment is the revision of Sec. 61-12-304 requiring that Category "D" antennas and antenna towers be removed within two months of their abandonment or decommissioning. Finally, a requirement is inserted into Sec. 61-3-215 that City Council be notified by the Buildings and Safety Engineering Department of all conditional use hearings. Council has expressed concern that citizens contact City Council about items that have been heard as conditional uses, but the Council is unaware of these matters.

**Results of the Public Hearing**

At the November 20, 2008 CPC public hearing, three persons spoke. One was a member of the cellular industry who expressed concern with the city requiring Board of Zoning Appeals hearings for more collocation sites, due to additional antennas being made non-conforming. One expressed concern about the surrounding community not being notified of conditional land use hearings such as those for cellular antennas. Another expressed concern with her television reception allegedly being negatively impacted by cellular antennas.

**Conclusion and Recommendation**

The proposed ordinance amendment provides protection from Category "D" antenna towers being constructed within what many people feel is an objectionable distance to single- and two-family homes. This is in keeping with the protection provided in a previous amendment for people living in R1, R2, and R3 zoning districts, from which the same 120 foot setback is required.

At its December 4, 2008 meeting, the CPC took action to recommend adoption of the proposed text amendment to the Zoning Ordinance. CPC staff notes that this recommendation is consistent with the approval criteria specified in Secs. 61-3-59 and 61-3-61 of the Detroit Zoning Ordinance.

Re: Request to accept an increase in funding from the Eastern District of Michigan Comprehensive Anti-Gang Initiative.

The Detroit Police Department (DPD) was awarded a grant in the amount of \$309,999.00, with no cash match from the Eastern District of Michigan Comprehensive Anti-Gang Initiative (CAGI). This grant is currently in the City of Detroit's 2008-2009 Fiscal Year Budget (Appropriation No. 12545, Cost Center No. 372490) for \$300,000.00. Fortunately, the DPD was awarded a \$9,999.00 increase.

The Eastern District of Michigan Comprehensive Anti-Gang Initiative (CAGI) overall goal is to reduce gang crime and violence through coordinated enforcement, prevention/intervention, and reentry efforts by 1) reducing the occurrence of violent gang-related incidents in

the targeted areas, employing evidence-based approaches to assist former gang members and youth acquire the skills and opportunities needed to avoid criminal behaviors; 2) reducing recidivism rates for gang involved youth returning to the targeted communities; and, 3) building capacity and equipping organizations with the skills, access to information, and training that will improve their ability to positively impact recidivism, employment, and substance abuse among gang-involved former prisoners in grant funding.

As approved by the grantor, the funding will be split evenly (\$154,999.50 each) between the Northwestern and Southwestern Districts for projects in their respective areas. Funding will be utilized for overtime, travel, equipment, and supplies.

If approval is granted to accept this funding, Lieutenant Shari Oliver, of the Northwestern District, would serve as the project director. The United Way for Southeastern Michigan will serve as the fiscal agent for the grant.

Participation requires the approval of your Honorable Body, via adoption of the enclosed resolution. The Board of Police Commissioners has been notified of the funding and approved participation.

**Planning & Development Department**  
June 18, 2009

Honorable City Council:

Re: Proposed Ordinance to Adopt the First Modified Development Plan for the Woodbridge Rehabilitation Project.

Pursuant to the state statute and applicable provisions of the 1984 Detroit City Charter, the above-referenced ordinance is submitted to your Honorable Body for consideration together with the attached draft

resolution scheduling a public hearing on the First Modified Development Plan for the Woodbridge Rehabilitation Project Area. The current Woodbridge Development Plan was adopted by Ordinance 360-H effective December 20, 1979. However, in order to accelerate the redevelopment and rehabilitation of vacant and blighted properties within this area, modification of the Development Plan is necessary. The proposed first modification will facilitate the development of medium to high-density residential use compatible with commercial or institutional uses. The aforementioned changes would also permit a mix of residential and commercial uses to be developed on a site at the southeast corner of Rosa Parks Boulevard and Warren Avenue. The residential uses will include multiple-family and two-family dwellings, low-rise apartment buildings, townhouses and residential lofts including live/work type.

We, therefore, request that your Honorable Body adopt the attached resolution authorizing the advertising of and the holding of a public hearing concerning this proposed ordinance, as required by the statute, no less than thirty (30) days hence.

Respectfully submitted,

MARJA M. WINTERS

Deputy Director

By Council Member Collins:

Be it further

Resolved, That the Planning and Development Department is hereby authorized and directed to carry out all legally required actions pertaining to said Public Hearing.

**AN ORDINANCE to amend Chapter 2, Article 50A, of the 1964 Detroit City Code, which was saved from repeal by Ordinance No. 593-H and Section 1-1-7(13) of the 1984 Detroit City Code, by amending Sections 2-50A-1 through 2-50A-8 and adding a new Section, to be numbered 2-50A-9, to adopt the First Modified Development Plan for the Woodbridge Rehabilitation Project and provide for the filing and recording of same by the City Clerk.**

Whereas, The City of Detroit previously made detailed studies of the location, physical condition of structures, land use,

environmental influences, and social, cultural and economic conditions of the development area known as the Woodbridge Rehabilitation Project, which is located within the City of Detroit and described as follows:

Beginning at the intersection of the New York Central Railroad Tracks and the Ford Freeway; thence easterly along the Ford Freeway to Trumbull Avenue; thence southerly along Trumbull to Grand River Avenue; thence northwesterly along Grand River Avenue to the New York Central Railroad Tracks; thence north-easterly along said Railroad Tracks to the point of beginning.

Whereas, Based on said studies the City determined, in accordance with 1945 Public Act 344, as amended, MCL Section 125.71, *et seq.*, that the development area was a blighted area, as defined in MCL 125.72(a), because of obsolescence, physical deterioration of structures and other similar characteristics; and

Whereas, The Detroit City Council, by Ordinance No. 360-H adopted December 5, 1979 in accordance with requirements set forth in aforesaid 1945 Public Act 344, as amended, MCL 125.71, *et seq.*, previously adopted a Development Plan that encompasses all land and parcels within the Woodbridge Rehabilitation Project to facilitate redevelopment of said development area; and

Whereas, There has been prepared and referred to the City Council of the City of Detroit for review and approval a First Modified Development Plan for the Project Area that adds a permitted "Mixed-Use Residential Commercial" land use category to facilitate development of a parcel at the southeast corner of the intersection of Warren Avenue and Rosa Parks Boulevard and modifies the Proposed Zoning map accordingly; deletes the schedule of estimated project costs to be funded with block grant funds along with provisions for land acquisition, relocation activities and public improvements that have been accomplished or that the City no longer has any present intention to pursue; deletes the Acquisition Plan and Acquisition/Disposition Plan maps and modifies the Proposed Zoning map attached to the original Development Plan; updates the provision for making amendments to the Plan to conform the Development Plan text to current City Code and Zoning Code procedures; makes editorial changes throughout to conform the text to current City organizational structure and nomenclature; and

Whereas, The First Modified Development Plan for the Project area still prescribes certain land uses for the Project area that may require, among other things, changes in zoning, the vacating and removal of streets, establishment of

new street patterns, the location and relocation of sewer and water mains and other public facilities, and other public action; and

Whereas, The First Modified Development Plan dated May 14, 2009, consisting of forty (40) pages inclusive of a cover page, a two page summary of changes and six maps, including a modified Proposed Zoning map that changes the proposed Zoning for the parcel at the southeast corner of Warren Avenue and Rosa Parks Boulevard to PD zoning district, has been reviewed and considered at a public hearing held September 30, 2009 at 10:50 a.m., pursuant to proper notice, at which time all interested persons and organizations were given an opportunity to be heard; and

Whereas, The Planning and Development Department has certified to City Council that said First Modified Development Plan is consistent with and conforms to the requirements set forth for this location in the City's Master Plan, as amended, that has been adopted for the City as a whole.

Now, therefore

IT IS HEREBY ORDAINED BY THE PEOPLE OF THE CITY OF DETROIT THAT:

**Brownfield Redevelopment Authority**

June 11, 2009

Honorable City Council:

Re: Chalmers Square Brownfield Redevelopment.

The enclosed Brownfield Plan for the Chalmers Square Redevelopment Project (the "Plan") (Exhibit A), submitted by the Detroit Brownfield Redevelopment Authority Board (the "Authority") to the Community Advisory Committee (the "Committee"), has been considered and reviewed by the Committee and a public hearing was held by the Authority on June 9, 2009 to solicit public comments. At its May 28, 2009 meeting, the Committee considered and approved a resolution recommending approval of the Plan by the Authority and City Council in the form presented by the Authority.

On June 11, 2009, the Authority adopted a resolution (Exhibit B) approving the Plan and authorizing the submission of a certified copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices required by law, hold a public hearing on the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

Project Introduction

Shelbourne Development, doing business as Chalmers Square LDHA, LP is the project developer ("Developer"). The

Plan entails a mixed-use renovation and rehabilitation of three buildings in the City of Detroit. The project will create 49 units of quality loft style apartments and 18,000 square feet of retail space directly on East Jefferson. The project will consist of 38 low income housing units as well as 10 market-rate units which will be split evenly between the three buildings.

Per the Michigan Economic Development Corporation (MEDC) interpretation of the definition of "Eligible Property", this three parcel development includes two separate Eligible Properties (each considered a separate project for MBT determination). Chalmers Square 1 ("Project 1") will include the rehabilitation of two buildings located at 14401 E. Jefferson and 14436 E. Jefferson. These buildings are located across the street from each other. Chalmers Square 1 will result in 29 apartment units between the two buildings as well as 18,000 square feet of retail. Chalmers Square 2 ("Project 2") will include the rehabilitation of one building located at 1025 Newport. It will result in 20 apartment units and will not include any retail space.

Total investment for the project is estimated at \$9,300,000. The Developer is requesting a 20% Michigan Business Tax (MBT) credit for Project 1 of \$920,000 on an eligible investment of \$4,600,000 and a 20% MBT credit for Project 2 of \$480,000 on an eligible investment of \$2,400,000.

#### Property Subject to the Plan

The Property comprising the Plan consists of three parcels, 14401 East Jefferson, 14436 East Jefferson, and 1025 Newport, generally bounded by Kercheval Street to the north, Marlborough Street to the east, the Freud Street to the south, and Newport Street to the west on Detroit's Far East side.

#### Basis of Eligibility

The Property is considered "eligible property" as defined by Act 381, Section 2 because (a) the Property was previously or currently utilized for commercial or residential purposes; (b) it is located within the City of Detroit, a qualified local governmental unit under Act 381; and (c) the Property is determined to be functionally obsolete or a facility as defined by Act 381. The assessor's affidavit is attached to the brownfield plan.

#### Eligible Activities and Projected Costs

The "eligible activities" that are intended to be carried out at the Property are considered "eligible activities" as defined by Sec 2 of Act 381, because they include Baseline Environmental Assessment activities, due care activities and remediation, lead and asbestos abatement, and interior demolition. The eligible activities and budgeted costs are intended as part of the development of the Property and will be financed solely by the Developer. The Authority is not responsible for any costs of eligible activities and will incur no debt.

It is currently anticipated that construction will begin in the fall of 2009 and eligible

activities will be completed in 20 months.

#### Tax Increment Financing (TIF) Capture

The Plan will not capture tax increment revenues for financing costs of eligible activities under this Plan. Tax increment financing of the costs of eligible activities under this Plan will not take place and this Plan shall not have a negative impact upon the tax revenues of any taxing jurisdiction in which the eligible property is located.

#### Other Development Incentives

The property included in this Plan will receive additional project support through Low Income Housing Tax Credits and will seek additional project support through Home Funds.

#### Comments Received

The Committee's communication to the City Council and the Authority, dated May 28, 2009 (Exhibit C), recommending approval of the Plan including the minutes of the public hearing held by the Authority on June 9, 2009 are enclosed for the City Council's consideration.

#### Authority's Request

The Authority is respectfully requesting the following actions from the City Council:

#### a.) June 16, 2009

Referral of the Chalmers Square Brownfield Redevelopment Plan to Detroit City Council Planning and Economic Development Standing Committee on June 17, 2009.

#### c.) June 23, 2009

**MEMBER REPORTS:**

**COUNCIL MEMBER MONICA CONYERS:**  
None.

**COUNCIL MEMBER JOANN WATSON:**

Submitting request on behalf of an 84 year old constituent, asking that a squatter who is trespassing on her property at 6415 Seneca be addressed by the appropriate authorities. REFERRED TO B&SE AND POLICE DEPARTMENT.

Submitting request on behalf of 3 citizens who want the Belle Isle Golf Course re-opened immediately, and to expand it from 9 to 18 holes. REFERRED TO RECREATION DEPARTMENT.

Submitting request on behalf of the Stahelin Block Club, asking to grant, subject to condition, their July 4th, 12 noon Block Club party to help young people. REFERRED TO APPROPRIATE DEPARTMENTS.

Submitting request on behalf of Olive Hyman who came here 5 times trying to get some repair done to her automobile. The Law Department sent her a long letter telling her no. REFERRED TO LAW DEPARTMENT.

Submitting request on behalf of The UACO Organization to hold on July 4th at Eliza Howell Park a huge picnic with thousands of descendants of Africa and they're asking for a permit, and also asking for the grass to please be cut. REFERRED TO APPROPRIATE DEPARTMENTS.

Submitting request on behalf of Mrs. Amerason on Edmond near Mt. Elliott and Grafton regarding 3 houses on that block that were burned years ago. She's reported them to DPW, B&SE and nothing has been done. We'll ask the Mayor's Office to please follow up on that. REFERRED TO B&SE DEPARTMENT FOR REPORT.

Submitting request on behalf of Ms. Ivy who called about a park at 8 Mile and Wyoming and was told that the children from the school can't use the park because DPW or GSD cannot afford the cleaner to cut the grass. There's 30 students who would like to use the park. If GSD would please cut it. REFERRED TO GSD.

Council Member Watson made the following statement: I want the body to know that the "Keep the vote — No Take-over" group has taken an official position opposed to the legislation introduced by Representative Lamar Lemmons calling for the Detroit Public Schools to be voted on by citizens here and have DPS come under the Mayor and the Detroit City Council. That legislation is currently making its way through the state legislature, calling for a referendum or ballot vote for citizens to once more be subjected to a school take over proposal to have DPS come under the auspices of the Mayor and City Council. I'm adamantly opposed to that and would urge my colleagues to support a resolution that I'm going to ask the Research and Analysis Division to draft to oppose such a move.

Ms. Watson also stated that: The Neighborhood & Community Services Committee last week approved and asked that it be put on New Business an ordinance that has been written by RAD, the "Pay to Play" ordinance and I just want to know why it didn't show up to be introduced today.

Council Member S. Cockrel replied that the ordinance was referred to the Budget, Finance and Audit Standing Committee, and it came up as a line item yesterday. The Law Department needs 3 additional weeks to work on it. There are some serious issues raised by the format — constitutional questions, questions about superceding the campaign finance act of the State of Michigan. It needs to be looked at and it's going to be back on the Committee's agenda because it modifies the Purchasing Ordinance which is under the jurisdiction of Budget, Finance and Audit. It will be back in 3 weeks and then at that point we'll provide an update to Council regarding it. RECEIVE COMMENTS.

**COUNCIL MEMBER SHEILA M. COCKREL:**

Submitted a memorandum regarding Marathon Oil Company's compliance with the development agreement in Act 328. She requested LAW AND RAD LOOK AT ACT 328 TO DETERMINE WHETHER OR NOT THIS LEGISLATIVE BODY EVEN HAS THE RIGHT TO REVOKE THE PERSONAL PROPERTY TAX ABATEMENT. That right was in Act 198, my reading of Act 328 does not suggest that there's that authority on the part of the Council. She would also like LAW AND RAD TO GIVE AN OPINION AS TO WHETHER OR NOT THE PLANNING & DEVELOPMENT DEPARTMENT IS THE ENTITY THAT MUST INSTITUTE ANY KIND OF DEFAULT PROCEEDINGS, and doesn't think the Council has the authority to seek any revocation of the abatement. REFERRED TO LAW DEPARTMENT AND RAD.

Submitted a memorandum regarding

under-reported homicides here in the City of Detroit stating the following concerns: that there's not been any clarification in any significant way from the Administration on this. So I want to know WHY IS THERE A DISCREPANCY; WHAT CRITERIA ARE WE USING TO CLASSIFY DEATHS AS HOMICIDE AND HOW DOES THE DEPARTMENT INTEND TO RESOLVE THIS DISCREPANCY? And I would like that in writing. Silence and repeating the same thing over and over again doesn't answer the question about why both the prosecutor and the Sheriff think there are more homicides in the city than the department does. So I'd like to know WHAT STEPS ARE BEING TAKEN TO CLASSIFY OUR HOMICIDES IN A MANNER THAT'S CONSISTENT WITH THE PROTOCOL OF THE WAYNE COUNTY PROSECUTOR'S OFFICE? REFERRED TO POLICE DEPARTMENT.

She also submitted a memorandum and stated the following: In looking over the budget that was recently passed, I have some real ongoing concerns. I think this latest set of revelations about the use of restricted funds to run the city essentially, operating expenses, really requires that we take a closer look. So one of the things I'd like to get clear on is I'D LIKE ALL CORRESPONDENCE BETWEEN THE CITY AND THE STATE THAT CONFIRMS THAT THE CITY HAS THE APPROVAL OF THE STATE TO BE SELF-INSURED. I believe the last approval from the Secretary of State ended June 9th. So I wanted to see that we have the right to be self-insured. In looking at the Miscellaneous Revenue section of the budget forecasted about \$140 million plus, it's \$140 million less than 2009-10 as compared to 2008-09. SO I WANT TO KNOW HOW THE FORECAST OF THE VARIOUS CATEGORIES WERE DEVELOPED, AND WHAT THE DATA WAS IT RELIED ON, and I have specific forecasted decreases that I'd like to understand what the basis of the analysis is for that decrease. And then specifically LOOKING AT THE OTHER DEBT SERVICE THAT APPROPRIATION NO. 571120, WHAT IS THE BASIS OF THAT NUMBER. I'd like these questions answered by Monday's committee meeting for the edification of members of the committee because we're really in a very precarious position and this set of revenues are going to play a key role in the ability to see it through to the end of this fiscal year. REFERRED TO THE BUDGET AND FINANCE DEPARTMENTS.

**COUNCIL MEMBER KWAME KENYATTA:**

**COUNCIL MEMBER ALBERTA TINSLEY-TALABI:**

Welcomed the National Baptist Convention, who is 25,000 members strong, to the City of Detroit. With the Fireworks being on Wednesday, she wanted to make sure they are accommodated appropriately.

Thanks parents of the DPS children for enrolling them in summer school.

**COUNCIL MEMBER BRENDA JONES:**

She stated that last evening she and Council Member Monica Conyers along with Mayor Bing attended the opening program for the National Baptist Convention and did do a welcome on behalf of the Detroit City Council. RECEIVE COMMENTS.

Requested that the Administration to look at all of the parks that have tall grass along with the parks in the adjoining locations that surround senior citizens buildings. The seniors are complaining about being out walking and the tall grass causing a hazard and a danger to them. REFER TO GSD.

Requested that Law and RAD review the law and submit a report regarding the age for dancers in the cabaret dancing bars which is 18 for them to get receive a licence, however the age to receive a liquor license is 21 to serve liquor, and there is a conflict there. REFER TO RAD AND LAW.

Council Member Monica Conyers left her seat.

**COUNCIL PRESIDENT KENNETH V. COCKREL, JR.:**

Submitted memo regarding running water in basement and flowing outside of vacant house at 5735 Buckingham. REFER TO DWSD.

Requested that the Privilege and Confidential Report submitted by RAD be referred to the Law Department.

As directed at the June 22, 2009 Committee of the Whole meeting, City Planning Commission staff, in conjunction with the Research and Analysis Division and the Law Department, has revised the proposed Procedures and Criteria for MLCC activity permits. This revision identifies a coordinator, designated by the Administration, to coordinate the processing of the MLCC activity permit petitions rather than the City Planning Commission. Other non-substantive changes were made as appropriate.

The Law Department will distribute the revised Procedures and Criteria at the table for today's 11:30 A.M. discussion. Staff is prepared to point out the changes in the Procedures that were made since Monday's discussion.

Attached, please find the appropriate resolution directing the City Clerk to publish the proposed Procedures and Criteria and to schedule a public hearing for July 27, 2009. In order to have these procedures and criteria adopted before August recess, as Council rules for decision-

making, they must be published four (4) weeks prior to the charter mandated public hearing.

Also attached to this report is the resolution that Council would take up after the proposed July 27th public hearing. The actual Procedures and Criteria will be adopted as an attachment to this resolution. This resolution is not to be voted on today but it should be published with the Procedures and Criteria.

## Invocation

Father we bless you and rejoice at your greatness. You caused us to rise this day and we thank you and rejoice in your power.

As in the Book of Jonah Chapter 1 Verse 5 - Verse 7: <sup>5</sup>All the sailors were afraid and each cried out to his own god. And they threw the cargo into the sea to lighten the ship. But Jonah had gone below deck, where he lay down and fell into a deep sleep. <sup>6</sup>The captain went to him and said, "How can you sleep? Get up and call on your god! Maybe he will take notice of us, and we will not perish." <sup>7</sup>Then the sailors said to each other, "Come, let us cast lots to find out who is responsible for this calamity." They cast lots and the lot fell on Jonah.

So Father, we realize as did the Ship Master and crew that throwing over board all of the wrong things will not calm the Sea nor heal our City, will not improve our school system, will not make diverse this population, will not feed the hungry, will not house the homeless, will not make straight the crook or the crooked place, will not improve the Literacy rate of our citizens nor will the wrong things bring self-determination to the Disadvantaged and the Disabled.

So cause us to get rid of the bad things at our Root; give us the courage to increase Public Safety to combat the Car Jacker/the Home Invader/the Domestic Abuser and the Child MisUser. Give us the certainty to extend the resources of this City for the needs of it's people toward Core Services: a quality of Life such that all of our Citizens can walk to the Neighborhood Store/confidence that the Street Light will work every evening/assured that Government is a friend and not a foe. Give us a reduction

in risk — the area of litigation against our City.

Father we seek your favor in the City of Detroit. Reign down upon us in our area of need. You know us/your know all about us/the very hair on our head is number by you.

Cause our city to emit a light where truth and liberty are dominant and favoritism cannot stand up.

Teach us the "right" way to act/shut down the momentum of those who are unrighteous.

And redeem us back to you in Love, Give us Love for each citizen/Love for each citizen complaint/Love as we deliver City Services.

We declare your Glory in this place, in these Chambers, on this Agenda . . . In Jesus name we pray. And every glad heart say — Amen !!

Creative Studies have acquired all vacant parcels of land abutting said public alleys in connection with the renovation of the adjacent Argonaut Building and the proposed 450/500 car parking structure, an additional supplemental highly landscaped 178 space surface parking lot is proposed on said vacant land.)

**PUBLIC COMMENTS**

**Sandra Turner-Handy** stated that the City has had a year to put a plan in place to move the city from burning trash to recycling, recovery and reuse. The city has reversed its position and continues to burn trash. This City has some of the most brilliant legal minds in the world, yet we have a contract that may never end and ties the hands of our City to continue polluting our air and putting residents and children at risk for illness. The Department of Community Health report clearly shows the zip codes surrounding the incinerator have the highest rate of children with asthma. She asked the Council to issue an injunctive to end the burning of trash as of July 1, 2009.

**Bridget Vance, Community Safety Coordinator for Central Woodward NorthEnd**, distributed information on Safety Initiative Partnering with City of Detroit Department of Administrative Hearings Blight Elimination. Community Docket Initiative created a first phase effort to work hand and hand with the community residents around blight and vacant properties. The initiative is a collaborative effort between the SIA, which is a local initiative supporting corporations, Skillman Foundations, Next Detroit Neighborhood Initiatives around supporting efforts and initiatives for quality of life in the Central Woodward NorthEnd Community, which you see on page 3. We are working hand in hand with the Department of Administration, Code Enforcement, Central District Police and the 10th precinct to address the blight in those areas.

**Ed McArdle** spoke regarding the low priority of the incinerator except for one council woman and to the Mayor; he stated that the last GDRRA Board meeting was dishonest. A resolution passed and hardly anyone in the room knew what the resolution included which was another six (6) years of burning the trash as a condition with no amount of cost to that transaction.

**Yolanda McCants** spoke regarding the Department of Administrative Hearing. If there were issues or problems with the Department, why did it go this long without checks and balance on who was doing what and why. She is requesting an explanation regarding the possible closing and that Council do not close the Department because 36th District Court cannot hold or be accountable for the blight tickets that are being written.

**Rhonda Anderson** spoke regarding the Incinerator, the vision of this City and the City's Administration. It seems that the City is not able to move forward and is stuck with the status quo with operation as usual. She has traveled across the Country and has seen what other countries are doing and we can do the same.

**Glen Maxwell** lives in Mid-town near Wayne State approximately one mile from the incinerator. He states that Council passed a resolution twice to stop Detroit from using the incinerator and expected it to end July 1, 2009. We need to move this City into recycling. We have a tremendous opportunity to earn and the time for the incinerator is over.

**Dan Sordyl** lives close to the incinerator and his neighborhood stinks. On beautiful nights he has to keep his window closed. His tenants are not renewal their lease, they are leaving the City and going somewhere else. The RFP was changed on President K. Cockrel's watch. The RFP was shortening from ten (10) years to four (4) for landfilling. It drove the cost of landfilling up 30% to 40%, this one change enabled the incinerator to charge more money and now it is \$25 a ton. It was suppose to be \$14 or \$16. Can we change the RFP back?

**Theresa Zajack**, Southwest Business Association is in support of continuing the Department of Administrative Hearings. Prior to the creation of this Administrative Court, blight and environmental tickets went through 36th District Court. DPD Officers would regularly come back and say that the blight tickets written against violators were thrown out by the judges. Thirty-Six District Court and its judges have serious cases to hear and blight tick-

ets were not given the necessary attention needed to help clean up Detroit. She does not wish to see Detroit go backward. Let us move forward and not backward to clean up Detroit.

**Glen Maxwell** lives on Farnsworth near the incinerator. He moved to Detroit two years ago from San Francisco into a community that is dedicated to urban farming. Five of the seven children on his block have asthma. The incinerator issue is an issue that the Council should stand with the citizens and do what is right.

**Anna Holden, Sierra Club**, spoke to re-enforce what was spoken this morning about the proposal GDRRA passed last week which opens the door for six years of more of the same undefined relationships and no cost limits specified. The plan to buy the incinerator shares that belongs to General Electric Capital Investment and the City coming behind Convanta and buying from Convanta the 30% of the incinerator possibly the whole incinerator on long term bases. They hope that the Council agrees that this is a practical plan that is bringing Detroit Forward and it will provide the citizens with a better Detroit.

**K.T. Andresky** states that the incinerator burns trash approximately one mile from her neighborhood and she is very concerned with the health issues such as asthma and heart disease that have been proven to be higher in her neighborhood. Five of the seven children with health problems are on her block. This is not an issue of money but an issue of health and life. Detroit organized criminals who run this weapon which tears our ozone, poisons our crops and sickens our air will be put to shame because they have decided to continue to operate. It is shameful for them to stunt the growth of this generation by allowing this to continue and not protect the people. As a reminder, you derive your power from the consent of those who govern which is our consent and it is the responsibility of the people to alter or abolish it.

**Malik Danielson and Jason** stated that they live one mile from the incinerator and that it stinks. They presented their concern in a lyric call the Lumberjack which indicates that they are cutting down asthma, and smoke by shutting down the incinerator so that you do not have to choke. They do not think it is fair that they can't breathe this air.

**Ika Danielson** the mother of Malik states that her son has had asthma since they have lived at their residence. Malik wrote the lyric by himself because he is passionate about the issue as much as his neighbors. There are grass root

groups and small communities that are working hard to improve the quality of living in Detroit. Detroit is more than just a waste land.

**Lee Gaddies** asked what type of Detroit do we want, what type of future are we going to leave for the children? Are we going to continue to be a dumping ground for multiple national corporations for every polluting industry to come and dump because they can promise us 50 jobs? I do not think the children's life is worth 50 jobs. As a Detroiter, my vision is to see solar panels on every street light generating electricity for electric cars and a recycling program where we are not required by law to send our garbage to an incinerator to be burned giving these children poison in their system. We can turn Detroit into a cleaner, greener society and we can lead the way. What we lack is visionary leadership.

**Jerroll Sanders** states that the Cobo Hall legislation is deployable for the citizens of Detroit. Who gives away their convention center for one important show for 30 years 24-seven (7)? She would like to give the Auto Show to Cobo Hall for one day or so but Detroit should retain ownership. The legislation does mandate a public hearing, page 16, and line 6-11. She asks the Body to respect the citizenry of Detroit and have a hearing so that we can disclose some of the problems with this legislation.

**Susan Salas** stated that she represents the Farnsworth Family Farms. She lives approximately one mile from the incinerator. Her primary concerns are environment, health, property value and Detroit Michigan Economic Growth and progress. The time to change the contract is now; although this will cause problems with other contracts that are in progress. To attract new businesses, people to Michigan and preserve Michigan natural resources, we need to make a conscientious and voluntary decision now without a class action lawsuit.

**Kinga Osz-Kemp** gave thanks to the Council for voting for the alternate waste disposal last year and urges them to continue. She is representing dozens of friends who are at work. She asked the Council to remember the prayer at the beginning of the Council Session today which said, "Let us be assured that Government is a friend and not a foe." She is extremely upset with City Government and does not want trash taken to the incinerator, burned and put back into her lungs and garden. This a national issue and everyone knows about Detroit burning trash. The whole country will know that we are against it.

**Andrew Kemp** asked, "How could anyone who smells the incinerator support the incinerator?" He teaches recycling at a Detroit high school. The children hear what we teach and see what we are doing. It does not add up for the children. If we want to impress President Obama, we cannot show him that we are burning trash. This is the dark ages. This is the time to move forward and this is about green jobs.

**Blake Carroll** referred to Mayor Bing's comments about job creation, public safety and education as a top priority. He did not hear him speak about the incinerator and the trash problem in Detroit. Mr. Carroll stated that we have trash that can be recycled and make money from the recycling for Detroit. We need to start a new program in Detroit and deal with issues that will create money for the City of Detroit.

**Joann Jackson** stated that the incinerator is 30 years old and we continue to put money in it. We should put money in recycling. Detroit had recycling many, many, many years ago, why not recycle again. Trash is coming from Canada and other places. What profits are we getting from this trash? She asked the Council not to renew the incinerator.

Re: Neighborhood Enterprise Zone Certificates Applications for six housing units within the U-SNAP-BAC

Neighborhood Enterprise Zone (Recommend Approval).

The City Clerk's Office forwarded to our office applications from Habitat for Humanity for Neighborhood Enterprise Zone (NEZ) certificates for six housing units within the U-SNAP-BAC NEZ, which was approved by the Detroit City Council in July, 1997.

The addresses for the certificates are as follows: 4181 Maryland, 4200 Maryland, 4219 Maryland, 4364 Maryland, 4428 Maryland, and 4381 Lakepointe.

Habitat for Humanity is proposing to construct six new single-family homes that would each cost \$112,500 to build.

The properties involved are confirmed as being within the boundaries of the NEZ and should be eligible for NEZ certificates under State legislation as currently written. Based on the above analysis, CPC staff recommends approval of the subject NEZ certificates.

Please let us know if you have any questions.

Respectfully submitted, M. RORY BOLGER Deputy Director CHRISTOPHER J. GULOCK Staff

By Council Member Tinsley-Talabi:

#### City Planning Commission

June 16, 2009

Honorable City Council:

Re: Request of the 8-Schaefer, L.L.C. and Garmo Brothers Partnership to rezone property generally bounded by Schaefer Highway on the west, W. Eight Mile Road on the north, Cheyenne Avenue of the east, and Norfolk Avenue on the south from a P1 (Open Parking District) zoning classification to a B2 (Local Business and Residential District) zoning classification to allow for the construction of an approximately 18,000 square foot retail center (Recommend Approval).

#### Request

8-Schaefer, L.L.C. and Garmo Brothers Partnership are requesting to amend Article XVII, District Map No. 64 of the 1984 Detroit City Code to show a B2 (Local Business District) zoning classification where there is currently a P1 (Open Parking District) zoning classification on the property generally bounded by Schaefer Highway on the west, W. Eight Mile Road on the north, Cheyenne Avenue of the east, and Norfolk Avenue on the south. The rezoning has been requested to allow for the development of

an approximately 18,000 square foot retail center. The proposed B2 classification would be an expansion of the adjacent B2 district that exists to the west, north, and east of the subject property.

#### **Proposed Development**

The 8-Schaefer, L.L.C. proposes to demolish the existing vacant buildings and construct the approximately 18,000 square foot retail center to the rear of the W. Eight Mile frontage. The proposed rezoning would ensure that the retail center would be situated in an appropriate zoning district. P1 District prohibits all uses other than parking. 8-Schaefer, L.L.C. has a purchase agreement with Garmo Brothers Partnership to acquire a small portion of the existing parking area to construct the retail center. The existing parking area along the W. Eight Mile frontage and to the rear of the MGM Supermarket is owned by Garmo Brothers Partnership. The petitioners have a shared parking agreement to accommodate parking for the proposed retail center and the existing supermarket. A map of the subject property with the current and proposed development is attached.

#### **Public Hearing Results**

At the City Planning Commission (CPC) public hearing on March 1, 2007 relative to the rezoning request of 8-Schaefer, L.L.C. six (6) persons spoke in regards to the proposed rezoning. Four speakers expressed concerns. Three of the four speakers with concerns were representatives of the TNT establishment that is located at 13333 W. Eight Mile Road (just east of the subject property). The concerns raised by the TNT representatives related to a private easement that they believed should not be built upon by the developer. They believed the proposed construction of a building would prohibit the TNT patrons' rear access to the TNT establishment via Schaefer.

The owner of the adjacent barber and beauty shop expressed a concern that the proposed development would block access to the parking area to the north and rear of his shop.

One speaker raised a question as to the type of businesses that the developer plans to locate in the retail center.

One speaker expressed support. Tami Salisbury, Executive Director of the Eight Mile Boulevard Association, spoke in favor of the rezoning request and proposed development. In addition, CPC received one letter in support from the Schaefer 7/8 Lodge Association.

#### **Master Plan**

The subject property is located within the Pembroke subsector of the Northwest Sector of the Detroit Master Plan of Policies. The "Generalized Proposed Land Use" map shows "Medium Density Residential" for the subject area in the Master Plan. The "Generalized Rezoning

Concept" map shows B4 (General Business District) zoning classification for the subject area.

The Planning and Development Department has submitted a report dated March 2, 2007 indicating that the proposed rezoning is not in conflict, and conforms, with the Master Plan of Policies (attached).

#### **Analysis**

##### **CPC Public Hearing Follow-up**

CPC staff contacted City Engineering Division of the Department of Public Works and confirmed that a private easement is situated on the subject property. The developer is aware of the easement issue and is willing to address the concerns of the adjacent property owners by considering the repositioning of the retail center on the site. Attached are the originally proposed site plans submitted to the CPC for the development as well as the revised site plans. The revised site plan shows that the developer plans to narrow the width of the retail center so as to not build upon the private easement.

It was also confirmed that in 1967 an alley south of West Eight Mile Road along the west side of Schaefer was converted to an easement. Later, a new alley was dedicated 100 feet south of the old alley. The representative from City Engineering indicated that if the developer plans to build a structure on the alley, a petition would have to be submitted to City Council for an alley vacation.

CPC staff also considered the barber and beauty shop owner's concern for access to parking for his clients north and east of his shop. The vacant property to the north of the shop is owned by 8-Schaefer L.L.C. and was not a designated parking area for the shop. If the proposed retail center were developed as presented to CPC and approved, the clients of the shop would no longer be able to park along the north side. The parking area to the rear of the shop is designated as residential parking for the adjacent apartment complex (Barolay East Apts.).

In regards to the question of what uses would be situated in the retail center, the developer does not know at this time. The developer has expressed his willingness to work with the community to discuss types of services needed in the community.

##### **Planning Considerations**

The existing P1 District zoning classification limits developments to parking lots and parking structures. The proposed B2 District zoning classification would allow 18 different residential uses, 15 public/civic/institutional uses, 40 retail/service/commercial uses and 6 manufacturing/industrial uses.

CPC has considered the rezoning criteria in accordance with Section 61-30-80 of the Detroit Zoning Ordinance and finds that the proposed rezoning meets the cri-

teria for zoning map amendments. The proposed rezoning is consistent with the Master Plan; the proposed development would appear to have a minimal impact on surrounding residential uses to the south; and would provide neighborhood oriented goods and services to the surrounding residential community.

**Conclusion**

On March 15, 2007, the City Planning Commission took action to recommend approval of the rezoning request from P1 to B2 to forward that recommendation on to your Honorable Body. Also attached is an ordinance, approving as to form by the Law Department, for introduction and the settling of the required public hearing.

Detroit to work with me to revamp and refocus the City's code enforcement infrastructure. It is time to take a fresh look at how we use ordinance enforcement to "de-blight" our city. I am convinced that instead of a system driven by *revenues*, our code enforcement must be driven by *compliance*. The barometer for the success of the new code enforcement model that I will roll out is simple: is Detroit cleaner? If property owners comply with the codes by cleaning up and maintaining their property, then the answer will be, yes.

Therefore, I have heeded the concerns expressed by our residents, through this Honorable Body, that revenue-generated blight enforcement is not an effective or efficient method for cleaning up our city. We must move toward a *compliance*-generated code enforcement system and the DAH is a key player in this new methodology. The City needs to have its own hearings bureau because *how* we adjudicate our blight violations is a part of the implementation of an effective, compliance driven code enforcement system.

#### **Compliance Delivers A Cleaner Detroit**

With compliance as the driving force behind how we go about blight enforcement, I am in full support of the proposed ordinance amendment requested by the Honorable Brenda Jones. This proposed ordinance amendment will give DAH hearing officers the discretion to waive the fines and fees *if* the property owner can prove that the property has been cleaned up. If the alleged violation has been addressed, then the property owner should not have to pay a fine or fee.

Further, a code enforcement working group has been established, consisting of representatives from the Department of Public Works, Building Safety and Engineering, Law, and Administrative Hearings. Like my overall structure for governance, this working group will be results oriented. It has already begun to meet on a weekly basis and its task is to develop and implement identifiable strategies to enhance compliance.

One of the results to be produced from the code enforcement working group is a proposed ordinance amendment that I plan to be ready for introduction in sixty (60) days. This proposed amendment to Chapter 22 will give DAH hearing officers the discretion to waive or reduce fines when circumstances dictate that imposing the fine would be unfair or impractical. The hearing officers should be able to weigh many factors in each case that include the property owner's *ability* to comply. The city needs to assist our elderly and infirm residents so that they can bring their properties into compliance, not financially punish them when they have no ability to do so.

#### **Reasonable Fines Encourage More Compliance**

The fine schedule for Chapter 22 (Solid

Waste and Illegal Dumping) must be reduced. \$10,000 fines imposed against homeowners barely afloat in the current economic tsunami simply flies in the face of reasonableness and the goal of compliance. Thus, the code enforcement working group is also tasked with proposing a reduction in the fine schedule for Chapter 22 and I will have a proposed ordinance amendment to this honorable body for consideration within the next sixty (60) days to achieve an overall reduction in the fine schedule.

#### **Code Enforcement Revenue Enhancement**

It is beyond adventure that the City of Detroit does not have the means today to provide all of the services that we currently provide. My Crisis Turnaround Team will be looking at the issue of what services we can and must provide and how we can do so more cost effectively. However, when we provide a service for a fee or for which residents must pay, the city *must* collect this fee or payment. Although the focus of code enforcement will be compliance, not revenue, the city must collect the revenue that is generated from code enforcement. Property owners who are ticketed and refuse to clean up their property will be fined and they must pay the fine.

There are several revenue collection enhancements that have or will be implemented that force recalcitrant property owners to pay blight fines. These enhancements will result in revenue from code enforcement in FY 2009-10 to be increased by \$1.6 million.

First, the DAH has instituted an in-house collection noticing system that has seen blight violation payments increased by 33% in one year. Second, DAH and Finance will very soon implement an accounts receivables invoicing system for unpaid blight judgments. Lastly, the DAH and the Law Department will work on a real estate lien and garnishment program for property owners who refuse to clean up their property and fail to pay blight judgments. The lien program will focus on property owners who are financial institutions who fail to maintain vacant property and whose failure has created eyesores in our neighborhoods. The garnishment program will focus on homeowners who choose to ignore code enforcement warnings, blight tickets and DAH hearings and fail to keep their property clean and pay outstanding blight judgments.

#### **The DAH Should Adjudicate Blight Tickets**

The re-focused code enforcement methodology that I have laid out for you will ensure that property owners have the knowledge and opportunity to comply with the codes before a fine is imposed. This compliance-driven code enforcement system will effectively respond to the valid concerns of this honorable body and our

residents that innocent victims of dumping or minor lapses in handling trash have put residents in a "high fine" dragnet. However, the DAH has been and will continue to be an effective method for adjudicating blight cases. A return to adjudication at 36th District Court, particularly at this juncture, is not a workable solution. First and foremost, there are approximately 15,000 pending blight cases that will be null and void if we were to seek to go back to a 36th District Court adjudication model. Moreover, the move back to blight adjudication at 36th District Court will require ordinance amendments, public hearings, \$1 million in funding and internal 36th District Court changes that will leave the City with months of no blight enforcement. Leaving the city with no blight enforcement is not a workable solution to real issues that should and will be tweaked relative to code enforcement in our city.

I have presented to you a summary of my vision for revamping blight code enforcement in our city. This vision includes a code enforcement system predicated on the simple notion that homeowners should be given the opportunity to comply with the ordinances and pay only if they refuse to do so. The DAH is a central player in this new approach and I respectfully request that you approve the attached 2009-2010 budget amendment for this department so we can bring this new vision to fruition.

Sincerely,  
 DAVE BING  
 Mayor

**EMERGENCY RESOLUTION IN SUPPORT OF SEEKING INDEPENDENT COUNSEL REGARDING THE GREATER DETROIT RESOURCE RECOVERY FACILITY (RRF) TRASH INCINERATOR, AFTER JUNE 30, 2009**

By COUNCIL MEMBER WATSON, Joined By COUNCIL MEMBERS JONES, KENYATTA, and COLLINS:

WHEREAS, The Greater Detroit Resource Recovery Authority (GDRRA) has been responsible for disposal of Detroit's municipal solid waste, since 1991;

WHEREAS, After June 30, 2009, GDRRA is expected to enter into new

agreements for management and disposal of municipal solid waste, pursuant to competing bids by the RRF Operator or Landfill Operators;

WHEREAS, On June 16, 2009, City Council passed a Resolution in Support of GDRRA and Other Parties Adopting the Most Efficient and Environmentally Sound Solid Waste Management System for the City of Detroit, after June 30, 2009;

WHEREAS, At the GDRRA Board meeting on June 18, 2009, the GDRRA Board did not publicly announce the award of the contract for solid waste management after June 30, 2009. Rather, the GDRRA Board passed a "Resolution Consenting to Acquisition by Covanta Projects, Inc. of Undivided Interest in Detroit Resource Recovery Facility on Certain Conditions," providing that GDRRA agrees to deliver solid waste to the RRF from July 1, 2009 through June 30, 2010, and that GDRRA will agree to enter into an operating agreement with Covanta for an additional five year period;

WHEREAS, The above-referenced agreements to continue to deliver solid waste to the RRF for an additional six (6) years were not disclosed to members of the public and the City Council in attendance at the GDRRA Board meeting;

WHEREAS, The Detroit City Council has been unsuccessfully requesting reasonably specific and detailed information from GDRRA, the Department of Public Works (DPW), and the Administration regarding their plans for management and disposal of Detroit's solid waste after June 30, 2009, for over a year;

WHEREAS, GDRRA has failed and refused, for an extended period of time, to provide City Council or the public with adequate, clear, and understandable information regarding the City of Detroit's solid waste management options after June 30, 2009;

WHEREAS, The alleged obligation of the City of Detroit and GDRRA to continue to deliver solid waste to the RRF after June 30, 2009, based on language in the documents comprising the 1991 sale/leaseback transaction involving the RRF, is arguably unenforceable, as an "illusory contract," i.e., it seems to be based on other parties' election, and therefore arguably lacks consideration, especially in light of the high costs of the City of Detroit and its taxpayers and residents (in excess of \$170 per ton, compared to \$25-30 per ton for alternative disposal options), during the previous operation of the RRF, arguably making it inequitable to enforce such an agreement at this time;

WHEREAS, The lack of written offers by the Operator or the Owners of the RRF, at this date, to dispose of the City of Detroit's solid waste after June 30, 2009, renders an alleged obligation based on

the terms of the 1991 sale/leaseback transaction documents, arguably unenforceable;

WHEREAS, The GDRRA Board's June 18, 2009 action, approving the current Operator's acquisition of an ownership interest in the RRF, in the midst of an ongoing bidding process involving the Operator, and without any written offer by the Operator or the Owners to dispose of the City of Detroit's solid waste, was arguably collusive and *ultra vires*;

WHEREAS, The GDRRA Board has failed and refused to provide City Council with transparent and useful information, and a clear and understandable explanation of GDRRA's plans for managing the City of Detroit's solid waste after June 30, 2009;

WHEREAS, No attorney representing the City of Detroit's interests in this transaction, regarding disposal of the City of Detroit's solid waste after June 30, 2009, has provided City Council with any advice, recommendations, legal opinions or analyses of the issues involved;

WHEREAS, At this time the City Council has no clear basis for evaluating comparative costs for disposal of the City of Detroit's solid waste after June 30, 2009, whether using the RRF or by alternative means, because no authoritative bid documents providing for competitive costs of continued use of the RRF have been provided, less than two (2) weeks before commencement of performance on this major City contract;

WHEREAS, It is and has been the intention and objection of the City Council to expeditiously adopt the most cost-effective and environmentally sound system for managing and disposal of municipal solid waste;

WHEREAS, The lack of transparency regarding GDRRA's plans for solid waste management after June 30, 2009, leaves the City of Detroit open to potential costs over the life of whatever agreements GDRRA may now enter into, and seek to have Council approve; NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council resolves, pursuant to City Charter Sections 4-121 and 4-122, to obtain the opinion and advice of a suitable outside attorney, with expertise in complex contractual litigation, to represent the City Council in legal proceedings seeking a temporary restraining order, preliminary and permanent injunction, and declaratory judgment, against delivery of Detroit solid waste to the Greater Detroit Resource Recovery Authority for incineration after June 30, 2009, preventing GDRRA from further wasting the City's resources and further harming the City's environment, natural resources, and public health, regarding solid waste disposal in the City of Detroit after June 30, 2009.

**TESTIMONIAL RESOLUTION

WHEREAS, On April 27, 2009, Detroit City Clerk Janice M. Winfrey, in partnership with Radio One Detroit (WHTD-FM, WDMK-FM and WCHB-AM), announced the “Song for Detroit” contest. Singer-songwriters were encouraged to create and perform an original song that highlighted some of Detroit’s most positive attributes, in particular, some of the “motors” that drive the City. **MEMBER REPORTS  
COUNCIL MEMBER JOANN WATSON:**

My review of Aerotropolis proposes great danger to the economic stability to the City of Detroit. Aerotropolis purpose is to recruit businesses that are currently providing tax bases for the city to create new energy near the airport and even a new gaming. This is dangerous and I am requesting a discussion or hearing on the

matter. I am also requesting the Law Department and Research and Analysis Division to review the State Fair property. I have a copy of the deed on the property where the State Fair Grounds is located. The deed state that the land can only be use for Michigan State Fair activities and perpetuity. I do not understand why the Michigan State Fair is up for potential demise given that it is only cost \$300,000 out of the State Budget last year and it adds to the quality of live for our citizens. I have a resolution for my colleagues to consider next week re-opening the Belle Isle golf course immediately. Many golfers are deeply concern that it has been close to long. It is a jewel and we should use it during these hard times in the City. Everything about Belle Isle should be utilized including the aquarium.

A request from a citizen, Joseph H. who is seventy-one (71) has been denied the opportunity to get revenue due him from the Water Department. They want to leave it as a credit and return the money due. I am asking the Water Department to refund his money.

**PRESIDENT K. COCKREL:**

I agree with Council Member Watson regarding Aerotropolis and I share the concerns mentioned.

**COUNCIL MEMBER COLLINS:**

I want to call Detroit Free Press and Zachary Gorchow racist because of the article they wrote Saturday pertaining to the guilty plea of Monica Conyers. Gorchow wrote that this is a sufficient interest. This is very sufficient for Barbara-Rose Collins and Martha Reeves because they have been contacted by the FBI. He chose not to say sufficient to contacting Sheila Cockrel more times than I. I told him not to signal out me unless he mentions Sheila Cockrel also. I have nothing against Sheila Cockrel but the fact is that the press allows her and talks about me. I am sick of it.

**COUNCIL MEMBER S. COCKREL:**

Member Collins, I wish that you would have mentioned this to me before you mentioned this in public, but you chose not to. I contacted the FBI, they did not contact me. My choice was to contact them. I was never a target, they never contacted me.

**COUNCIL MEMBER COLLINS:**

I was never a target.

**COUNCIL MEMBER S. COCKREL:**

My point is that I chose to contact them and whatever argument you have with the Detroit Free Press, keep me out it. I contacted the FBI and said that I do not want a letter, immunity or anything. I simply want to hear what you are being told by some of the people who are in headlines around here, and I want to clear my name. The FBI contacted people and I was not.

**COUNCIL MEMBER TINSLEY-TALABI:**

The same cancer that killed my neighbor is killing neighborhoods all over this city. In the Buena Vista/Meyers area, every corner has an abandoned house. The real issues that we need to deal with are those issues that are running people out of this City. I hope that emphasis is put on improving the quality of life and the neighborhoods.

I heard that 25,000 applications came in for summer positions. If we can only afford to hire 7,000, what are we doing or saying to those who we made announcements to in terms of summer employment. I would like the Director of Workforce Development to come to the Table to talk about what the numbers are, who are certified and hear from parents who waited in line for six to seven hours only to be turned away.

**COUNCIL MEMBER COLLINS:**

You want a Public Hearing.

**COUNCIL MEMBER TINSLEY-TALABI:**

Absolutely. I want to hear from citizens as it relates to their experience working with the government. More importantly, how do we turn this around? We can do something right now. We have to make sure that whatever programs are in place that it will work for the citizens.

**COUNCIL MEMBER REEVES:**

I was asked to tour the United Kingdom because I am the only singer yet alive of the different professional entertainment groups that have been launched and created in the City of Detroit. I toured with the Commodores without Lionel Richie, Mary Wilson without Dianna Ross, Miracles without Smokey Robinson and Junior Walker and the All Stars and everyone know Junior Walker has passed. This was a choice. We have finished our budget and I thought this would be a good time to be responsible to 45 years of good music that people have supported and expected me to represent. I am an international known performer. I did attend meeting with people who have come to country and invested. They will be back soon and you will meet them at the Council because you will have to approve their purchases. There are some wonderful developments in the making. When I heard of Michael Jackson demise, I was at Winberley(sp) with over 20,000 people and it was like an adult burying their child. I met Michael Jackson when he was five years old at the Apollo Theater and he singing, "*Whose Loving You,*" one of Smokey Robinson songs; he wrote it and made it famous. I want to thank the Council for being understanding. Everyone knew that I was a performer when I came to Council and I will continue to perform. When I left the airplane, which was about delayed three hours, a reporter asked me what I had to say about Monica

Conyers. They did not ask me if I had a successful trip, they did not thank me for being a representative for the City of Detroit, they did not ask met if I was afraid to fly. They asked how do feel about Monica Conyers. As a colleague member, I respect her for her knowledge and wisdom. I do not know why they continue to refer to me in an article. I have had no contact from the FBI. I received a phone call because someone mentioned my name on a tap phone. My phone has never been tap. I am not under an investigation and I am not connected with any wrong doings. As a Council Member, I love being a part of the Detroit City Council and I love the fact that I am a professional entertainer and I do perform.

*The Detroit City Council had a moment of silent for Michael Jackson and his family.*

**ADOPTION WITHOUT COMMITTEE REFERENCE:**

NONE.

**Valerie Burris** addressed City Council concerning her disapproval over the Mayor's decision to replace Police Chief

Barren with Sheriff Warren Evans. In response to the reasons cited by the Mayor last week for grass not being cut on vacant lots, etc. (lack of equipment and manpower), she reminded Council of purchase orders approved last year for that type of equipment. Lastly, she had concerns that Edwin B. Hackett Memorial park is slated to be closed.

**Sherry Thompson** addressed City Council concerning foster children aging out of foster care and juveniles being released from juvenile detention facilities. She inquired as to the possibility of instituting a program that would allow the City to recruit those individuals to cut city-owned lots and parks. Ms. Thompson expressed disapproval with Steve Wilson's recent exposé regarding Council Member Reeves.

**Evangelist Dora Hatcher** thanked the City Council, in particular, Council Members Tinsley-Talabi and Watson, for their assistance in having a house demolished that she had been dealing with for over 30 years. The structure was full of mold and had housed over 30 pigeons. She also expressed disapproval over the replacement of Police Chief Barren, with Sheriff Warren Evans.

**Mrs. Person** complained to City Council that she has been asking over five to seven years for Bewick houses to be torn down. She voiced her displeasure over previous petitioner who had come before City Council one week and the next week the house she had complained about was demolished, citing favoritism. **Erik Novak and Margaret Andrews - Boudell Development Company** addressed City Council concerning the Lafayette Building. They petitioned the City Council to give them two weeks to conduct a structural analysis of the build-

ing. It is their belief that the Lafayette Building can be a viable property once again they were advised by City Council to meet with Mr. George Jackson of the Detroit Economic Growth Corporation (DEGC). Since Council has already voted not to designate the building a historic structure, it is now in the hands of the DEGC.

**Malik Shabazz** addressed City Council concerning the bus stop shooting that occurred last week in which seven children were gunned down in broad daylight. He invited everyone to attend a prayer vigil/march and rally at 9:00 p.m. tonight to put a stop to the crime, drugs and violence permeating in our community. The march will begin at Warren and Southfield where the assault took place. They also plan to kick off the "Don't snitch just tell" campaign.

**Finance Department  
Assessment Division**

June 11, 2009

Honorable City Council:

Re: Penrose Village — Payment in Lieu of Taxes (PILOT) — Amended.

Penrose Village Development Corporation, Star SHCH Development Corporation and Samuel Thomas Jr., the sponsors have formed Penrose Village Limited Dividend Housing Association Limited Partnership. The partnership is developing a housing project consisting of the construction of 36 single family three and four bedroom units and a 1680 square foot community center. Twenty-four of the units will be 4-bedroom two baths and twelve will be 3-bedroom two baths. The project is being built on scattered sites in the area bounded by Woodward to the west, John R to the east, W. Seven Mile to the north and W. Lantz to the south.

Financing for the development will be through: A construction Loan of \$1,250,000 and a permanent loan of

\$500,000 from Detroit Commerce Bank at 7.5% for 20 years and Low Income Tax Housing Tax Credits. The total development cost for this project is eight million five hundred sixty nine thousand one hundred four dollars (\$8,569,104).

In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1996, (P.A. 346, as amended, MCLA 125.1415A).

Fifty-percent (50%) of 18 units will be occupied by households with incomes no greater than 35% of the area median income adjusted for family size. Fifty-percent (50%) of 18 of the units will be occupied by households with incomes no greater than 40% of the area median income adjusted for family size.

Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a 4% service charge for this housing project.

Respectfully submitted,  
J. CASTONE  
Assessor

The staff of the Historic Designation Advisory Board is prepared to proceed with a study if your Honorable Body wishes to direct a study out of the usual order. Staff also supports interim designation at this time.

The proposed portion of Midtown Historic District would include the area between Cass Avenue and Woodward Avenue, West Ferry Avenue on the south and West Palmer Avenue on the north. The University Cultural Center Association is requesting prompt designation, which would enable tax credits to be available for the rehabilitation of the structure.

Staff has reviewed this request and has found reasonable grounds for the study have been provided as well as the interim designation. Attached for your consideration, please find resolutions effectuating both.

Pursuant to those resolutions, City Council must appoint two persons to serve as *ad hoc* members of the Advisory Board in connection with the matter. The Advisory Board staff would be happy to provide two names for your consideration.

Staff is available to answer any questions you may have.

Respectfully submitted,  
M. RORY BOLGER

Re: Departmental Recommendation Petition No. 3279 — Temple Plaza, Inc., d/b/a Coaches Corner, request for outdoor café permit at 1465 Centre from May 1, 2009 to November 1, 2009.

The above named petitioner has requested permission for Outdoor Café Service. This service will convene from May 1, 2009 to November 1, 2009.

The Department of Public Works/City Engineering Division (DPW/CED) who has jurisdiction over temporary encroachment on City right-of-ways has approved this request contingent upon the petitioners compliance with applicable City Ordinance related to outdoor café activities and the remittance of the annual use-permit fee to the Permit Section of the DPW/CED.

The Department of Health and Wellness Promotion (DHWP) has approved this petition, subject to petitioners strict adherence to the 1999 Food Code, Food Law of 2000 and City Ordinance, Chapter 21. No outdoor grilling is permitted without prior approval from DHWP Food Sanitation Section.

Approval from the Detroit Police Liquor License Bureau is contingent upon the final action given by the City Council towards above-referenced petition. Prior approval from the Central Districts does not cover serving liquor in outdoor café until the Detroit Police Liquor License Bureau has given approval.

The Historic District Commission has issued the Certificate of Appropriateness for this location effective as of May 13, 2009.

The Planning and Development Department (P&DD) is not aware of any objections from any other City Agencies involved. It is the recommendation of the P&DD that the petitioner's request be

granted subject to the terms and conditions provided in the attached Resolution.

Respectfully submitted,

In connection with the CCS renovation of the adjacent Argonaut Building, and the proposed 450 to 500 car parking structure, an additional supplemental highly landscaped 178 space surface parking lot is proposed on said vacant land.

Honorable City Council:

The attached letter submitted to your Honorable Body originally on June 19, 2009, as revised and resent on June 26 to request new dates of City Council to hold a public hearing and adopt the Second Amended Plan. The cover letter refers to the changes made in the Second Amended Plan, but does not address other minor changes made to the plan as attached, as a result of recent comments/reviews received by EDC staff and from CPC and P&DD staff, LaMont Title Company, and public commentary from the June 18 CPC public discussion meeting, which are as follows:

1. Cover Page — The EDC Board of Directors adopted the Second Amended Plan on May 28, 2009, not February 18, 2009.

2. There are approximately 135 parcels targeted for acquisition and needing condemnation rather than 115 identified on Page 4.

3. The "Existing Land Use"/Paragraph 2 and "Proposed Land Use"/Paragraph 3 on Page 5 were modified to reflect that the land use has changed to industrial.

The Integrated Manufacturing & Assembly, LLC (IMA) has submitted satisfactory evidence that they possess the necessary financial resources required to develop this property in accordance with Public Act 198 of 1974 (“the Act”) and the Development Agreement for the project.

Inasmuch as no impediments were presented, we request that you approve the resolution for the Industrial Facilities Tax Exemption Certificate.

If during the term of the IFEC the Applicant shall discontinue operations at the Facility, the applicant agrees to reimburse the City for any such agreed upon costs incurred by the City.

In the event the Applicant is assessed the \$50.00 penalty based on more than three (3) incidents within a two (2) year period, the Applicant shall be barred from entering into any contracts with the City for a period of ten (10) years from the last violation.

9. Prevailing Wage Requirements.

11. Effective Date.

This Agreement shall become effective upon issuance by the Michigan State Tax Commission of an IFEC covering the facility, and shall be null and void and of no force or effect whatsoever unless the Michigan State Tax Commission issues an IFEC to the Applicant covering the Facility. This Agreement shall terminate thirty (30) days after the due date of the Status Report required by Section 3 above pertaining to the final year the IFEC is in force, or thirty (30) days after the actual filing of said Status Report, whichever is later.

Honorable City Council:

Re: Neighborhood Stabilization Program 2 (NSP 2) Consortium Agreement with the Michigan State Housing Development Authority (MSHDA).

Thank you for your prompt consideration of the Neighborhood Stabilization Program 2 ("NSP 2") Consortium Agreement with the Michigan State Housing Development Authority ("MSHDA"). The Consortium, once executed, will confirm the City of Detroit's participation in the application to the U.S. Department of Housing and Urban Development ("HUD") for NSP 2 funds to address foreclosure recovery and neighborhood stabilization in high need and high risk communities across the State of Michigan, including the City of Detroit.

Participation in the Consortium is preferable to a separate application by the City of Detroit due the reality that our capacity to administer NSP 1 and other Recovery Act funds continues to be a concern of HUD. Additionally, NSP 2 is a competitive process, and consortiums are preferred, so instead of competing with communities in Michigan, which have all been hard hit by the foreclosure crisis, the consortium presents a united front and unique opportunity to provide additional resources to the communities that have been hardest hit by this crisis.

The budgeted amount for the City of Detroit is \$45 million and the eligible activities are similar to NSP 1 and include the following: Acquisition, Administration, Demolition, Disposition, Establishing land banks, Financing Mechanisms, Rehabilitation and Redevelopment of demolished or vacant properties as housing. The Target Areas for NSP 2 include the following Census Tracts: 5454, 5453 (Herman Gardens), 5247, 5248 (Southwest Detroit), and 5019, 5020 (Far Eastside/East English Village).

A 10-day public comment period is required and is being handled by MSHDA as the lead applicant. The Consortium Application and Program Design is posted on the State of Michigan website (Attachment A) and the public comment period is from July 3, 2009 through July 12, 2009. We have also created a link to this site on the Planning & Development Department page of the City of Detroit's website.

The executed Consortium Agreement is due to MSHDA by 3:00 P.M. on Monday,

July 13, 2009 and the NSP 2 application is due to HUD National Office by Friday, July 17, 2009. A resolution for your consideration and approval is attached.

Should you have questions or need additional information, please feel free to contact me. Thank you for your support and consideration.

**Seeking Authorization and Approval for the City of Detroit to participate in the Michigan NSP 2 Consortium with the Michigan State Housing Development Authority as the Lead Agency for application to the U.S. Department of Housing and Urban Development ("HUD") for Neighborhood Stabilization Program 2 Funds by July 17, 2009**

By Council Member Collins:

Whereas, The U.S. Department of Housing and Urban Development (HUD) issued on May 4, 2009 a Notice of Funding Availability for \$1.93 billion in Neighborhood Stabilization Program 2 ("NSP 2") funds to address foreclosure recovery and neighborhood stabilization in high need and high risk communities consistent with the objectives and rules of the American Recovery and Reinvestment Act of 2009 ("ARRA");

Whereas, The Michigan State Housing Development Authority organized a Michigan NSP 2 Consortium that consists of 12 cities working in collaboration with 8 land banks in high need and high risk communities in Michigan;

Whereas, The Michigan NSP 2 Consortium requests \$263,500,000 in HUD NSP 2 funds to help neighborhoods recover from foreclosures and market decline in accord with the economic and sustainable development principles expressed in ARRA;

Whereas, MSHDA is the Lead Member Applicant on behalf of the Michigan NSP 2 Consortium and MSHDA is an established administrator of a range of HUD funds and capable of serving as contract administrator that will ensure compliance with all HUD and ARRA regulations;

Whereas, The Consortium members in each participating municipality share a vision for foreclosure recovery and neighborhood stabilization in targeted communities that meet HUD NSP 2 high risk and high need foreclosure and vacancy criteria and agree to work in a collaborative manner to re-position such communities for sustainable neighborhood economic development in the new Michigan economy;

Whereas, The City of Detroit through Planning and Development, is respectfully requesting approval and support from this Honorable Body to participate in the Consortium and to act as the lead agency

coordinating the disposition of funds and the development of programs, projects, and initiatives that are eligible under the NSP 2 guidelines; and,

Now Therefore Be It Resolved, That the City of Detroit agrees to the following terms of the relationship between the Lead Member Applicant and the responsibilities as a participating Consortium Member of the Michigan NSP 2 Consortium as follows:

A. The City of Detroit agrees to participate as a Consortium Member in the Michigan NSP 2 NOFA application submission due to HUD by July 17, 2009;

B. The City of Detroit agrees to participate in the Consortium with MSHDA serving as the Lead Applicant and HUD Contract Administrator, in such role, it will be signing agreements related to NSP 2 funding and projects;

C. The City of Detroit will provide MSHDA with all materials necessary within the required time frames to assemble a competitive and compelling application for funds consistent with the NSP 2 rules and regulations;

D. The City of Detroit commits to leveraging investments of non-federal funds that will support projects in NSP 2 High Need and High Risk neighborhoods specified in the Michigan NSP 2 NOFA application;

E. The City of Detroit commits to participate in all training and technical assistance provided by MSHDA to help coordinate and enhance the performance of partnerships between local governments, land banks and community developers;

F. The Michigan State Land Bank Fast Track Authority will serve as interim land bank until such time as the Detroit Land Bank Authority is operational;

G. Upon a positive notice from HUD of a funding award, and no later than December 1, 2009, MSHDA and the City of Detroit will execute NSP 2 Funding Agreements that specify the terms of funding, development, management and administration compensation.

Now Be It Finally Resolved, That the Mayor is hereby authorized to execute the Michigan NSP 2 NOFA Consortium Agreement on behalf of the City of Detroit and submit same to MSHDA by 3:00 P.M. on Monday, July 13, 2009.

#### **Attachment A MICHIGAN NSP2 CONSORTIUM APPLICATION PROGRAM DESIGN**

In 2009, the U.S. Department of Housing & Urban Development (HUD) will award \$1.93 billion in NSP2 funds by competition. The Michigan State Housing Development Authority (MSHDA) is submitting a "*Michigan NSP2 Consortium Application*" that includes MSHDA, the Michigan Land Bank Fast Authority, eight local land banks and twelve city governments. These consortium members share

a vision for foreclosure recovery and neighborhood stabilization in targeted communities that meet HUD's NSP2 high-risk and high-need foreclosure and vacancy criteria. The Michigan NSP2 Consortium will request \$263.5 million in NSP2 funds.

The consortium members have agreed to work in a collaborative manner and seek to leverage NSP2 funds to address two challenges:

1. Support for large-scale re-use planning and development that can attract the investment necessary to create sustainable neighborhoods of choice that are re-positioned to meet the opportunities of the new Michigan economy and

2. Assistance at a sufficient scale to help build the capacity of Land Banks so that they can reach their potential under Michigan's unique state Land Bank law to implement local NSP programs and beyond.

MSHDA in collaboration with each local land bank and its partner city has identified neighborhoods that meet NSP2 criteria for targeted investment over the next three years. These neighborhoods are characterized by (a) high levels of foreclosure and abandonment, but (b) are strategically important to the larger community, and because of their urban design and proximity to redevelopment anchors, have high potential to become an asset to the larger community and become reconnected to the regional economy through the highly concentrated investment of NSP funds.

Because of Michigan's extremely depressed economy and real estate market, a combination of innovative strategies is required, including:

- Development of new partnerships between county land banks and municipalities to leverage resources for the acquisition, maintenance and assembly of surplus land in the public interest;

- Land banking to facilitate both the short-term removal of excess property from market to support an increase in property values as well as the use of Michigan's innovative land bank law to facilitate redevelopment over a 10-year period through the Land Banks' ability to quiet title, access Brownfield tax credit, and leverage regional tax increment financing to maintain property and assemble land for redevelopment;

- Utilizing the housing development and rehabilitation expertise of MSHDA and member cities to structure acquisition, rehab, and financing for the redevelopment of abandoned and foreclosed upon homes;

- Use of lease-purchase strategies to maximize rapid absorption of redeveloped units under current and forecasted neighborhood market conditions;

- Re-conceptualization of housing

stock and infrastructure by municipalities and the removal of blighting conditions, including housing units, as needed to create an asset from the green space to be developed from surplus property in target census tracts;

As lead applicant of the NSP2 Consortium, MSHDA will provide contract compliance, serving as funder and coordinator of capacity-building services to the land banks.

Local Consortium Partners — cities and land banks — will share responsibilities based on local capacity to collaboratively redevelop target neighborhoods, with Land Banks generally focusing on the acquisition, maintenance and assembly and structuring of real estate for redevelopment, and cities generally setting priorities for land use and overseeing physical redevelopment. In each locality local management agreements will be executed to assure alignment of NSP2 projects with local development priorities.

The Michigan State Land Bank Fast Track Authority and MSHDA's TA providers will deliver a range of capacity building services for land banks so that they have the staff, management systems, and document templates to successfully implement their NSP initiatives.

## I. APPROACH

### A. Strategy

Consortium members agree we must consider a new vision for target neighborhoods in the context of an emerging new Michigan economy. NSP2 funds, the Michigan Land Bank Fast Track Authority, and Brownfield laws represent opportunities to create a vision that forges a new Michigan urban neighborhood.

The Genesee County Land Bank is a national model. However, few other Michigan communities have had access to capital and capacity-building services to grow their local land bank's potential. NSP2 funds can serve as a sparkplug to ignite more robust production from local land banks as neighborhoods re-size to create and capitalize on new opportunities.

The vision that the Michigan NSP2 Consortium seeks to develop focuses on the concept that Michigan cities that have experienced economic decline need to clear the way for neighborhood economic development. If awarded, the Michigan NSP2 Consortium will have just three years to deploy 100 percent of its NSP2 funds. With that short time-frame, the consortium proposes that NSP2 funds be used to:

1. Make concentrated investments in the revitalization of neighborhoods where there are anchor institutions that employ, educate, and/or provide healthcare to residents. There needs to be a **"Sense of Place"** there to build upon;

2. Balance housing rehabilitation for

new homebuyers and renters with the need to clear houses that have lost their value and functionality as population declined;

3. Re-size neighborhoods based on the value of sustainability rather than sprawl;

4. Through integrated planning, targeted demolition, and preservation where feasible, assemble a critical mass of properties to get neighborhoods ready for new market opportunities and;

5. Employ residents of Michigan at every phase of development. This can range from deconstruction that employs neighborhood-based labor, to construction workers, suppliers and professional service providers to the real estate development industries and, to new professional jobs with the Land Banks.

This vision does not assume that markets will fully re-emerge in the three-year life span of NSP2, nor does it assume that NSP funding will be increased or continued. However, it does assume that from these NSP2 investments these neighborhoods will become better positioned to compete for the increasing diversity of residents who will chose to live in Michigan cities as new market opportunities emerge.

## B. Who Does What?

### 1. MSHDA, Lead Applicant

MSHDA will execute the NSP2 funding agreement with HUD and will take on all funds management and compliance reporting responsibilities.

Based on the NSP2 Funding Agreements and neighborhood revitalization plans, MSHDA proposes providing NSP2 funds directly to cities and Land Banks. MSHDA will explore opportunities to leverage NSP2 funds with other complementary state-managed funds.

In close coordination with the Michigan State Land Bank Fast Track Authority MSHDA will provide capacity-building initiatives for land banks to assist them to facilitate production of at least 100 NSP-assisted units per targeted area in three years. The Land Bank Capacity-Building Initiative will:

- a) Help land banks, city governments and resident stakeholders refine their neighborhood revitalization plans.

- b) Identify and cultivate professional staff to manage land bank operations.

- c) Train staff, government officials, and stakeholders in the tools and benefits created under the Michigan Land Bank Fast Track Act.

- d) Develop uniform management systems and document templates and provide up to 3 years of funding for professional staff from NSP Administration funds.

- e) Make mortgage foreclosed properties available to the local land banks from national stakeholders through the State Land Bank.

**2. Land Banks and City Governments**

MSHDA will develop the roles of local NSP Partners in collaboration with cities and land banks, including:

- Facilitation of local neighborhood revitalization planning processes to optimize NSP2 funds;
- Assurance that properties are acquired in compliance with NSP2 rules;
- Assistance to cities and land banks to assess re-use strategies for each property in terms of rehabilitation, demolition by deconstruction and/or held in land bank for future re-use;
- Support for land banks to assemble and aggregate properties for longer term re-use;
- Development of a framework to prioritize projects based on plan for creating a "New Michigan Urban Neighborhood" in each Consortium City;
- Support cities in conducting an RFP for disposition to qualified developers such as non-profit CDC's, private developers and/or general contractors;
- Assistance with leveraging of resources and support from national partners, such as the National Community Stabilization Trust.

Land banks are essential partners in these redevelopment projects because of

the authority afforded to them based on Michigan law. In addition to conveying properties to selected developers at nominal costs, the land banks can assist through authority conferred by Michigan law:

- Working with municipalities to facilitate redevelopment by quieting title (i.e., forgiving unpaid back taxes);
- Leveraging Brownfield tax credits on all land bank property;
- Prevent tax foreclosed properties from being conveyed to speculators with no interest in neighborhood revitalization;
- Holding other foreclosed upon property acquired with NSP funds off the market for up to 10 years to (a) reduce the amount of surplus property depressing housing values and (b) permit strategic land assembly over time to support redevelopment in the public interest.

MSHDA with Michigan State Land Bank Fast Track Authority will develop a model for baseline staffing for each partner local Land Bank for up to three years. Funds for land bank staff can be paid from a portion of NSP2 administrative funds, which will be specified in the Consortium Member Funding Agreement. Land Banks may also derive additional operating funds from NSP2 Program Income and other locally generated sources.

July 7, 2009

Honorable City Council:

Re: Veto Statement Regarding the Resolution Calling for an Emergency Injunction Against Greater Detroit Resource Recovery Authority (GDRRA).

On Tuesday, June 30, 2009 your Honorable Body adopted a resolution calling for filing of an Emergency Injunction against Detroit's delivery of solid waste to GDRRA.

The GDRRA facility produces steam that provides power for Coleman A. Young Municipal Center, all of the buildings in the downtown loop, and 198 schools — of which 90 schools are open for summer school. If granted, this injunction would leave all of these facilities without power.

Independent data continues to support the safety, cleanliness and efficiency of this operation. Our facility operates well within the allowable Wayne County environmental standards.

An injunction stopping the delivery of solid waste to GDRRA is likely to result in a breach of the contract which was approved by this Council. This contract does not expire until 2021. Further, the Detroit City Charter does not allow this Honorable Body to retain outside counsel for this type of litigation. Therefore the proposed action is fiscally irresponsible, legally inappropriate and its pursuit through use of outside counsel would violate the Detroit City Charter.

For the reasons above, I must veto the referenced resolution. My administration has been in communication with all stakeholders, and realizes that this in not a single source issue with an immediate solution. I will continue to communicate and work with all parties including your Honorable Body to maintain our commitment to an environmentally friendly and responsible city.

Respectfully,  
DAVE BING  
Mayor

June 18, 2009

Honorable City Council:

Re: Correction of Sales Resolution Development: Parcel 447; generally bounded by Trumbull, Canfield, Lincoln & Grand River.

On April 7, 2009, your Honorable Body approved the sale of the above-captioned property to Clark Estates, Inc., a Michigan Corporation, for the purpose of constructing eight (8) condominium buildings containing from four (4) to eight (8) units, totaling approximately seventy-eight (78) housing units along with the construction of two (2) commercial buildings.

It has come to our attention that the legal description was issued in error. Accordingly, the size of Parcel 447 has

been adjusted from 159,249 square feet to 138,169 square feet and the sales price has been adjusted from \$103,500 to \$89,810.

We, therefore, request that your Honorable Body adopt the attached resolution, authorizing an amendment to the sales resolution to adjust the approximate number of total housing units from seventy eight (78) to seventy two (72) with the commercial phase to remain unchanged.

We, also, request that your Honorable Body adopt the attached resolution and authorize an amendment to the sales resolution to reflect an adjustment in the size of Parcel 447 from 159,249 square feet to 138,169 square feet and the sales price from \$103,500 to \$89,810.

Respectfully submitted,  
**MARJA M. WINTERS**

June 18, 2009

Honorable City Council:

Re: Petition No. 3101 — Southwest Housing Solutions request for the conversion to easement of the alleys north of Michigan Avenue, east of Campbell, and west of 35th Street.  
Petition No. 3101 of "Southwest

Housing Solutions" request for the conversion of the North-South public alley, 16 feet wide, and the East-West public alley, 20 feet wide, in the block bounded by Jackson Street, 60 feet wide, Michigan Avenue, 120 feet wide, Campbell Avenue, 60 feet wide, and 35th Street, 50 feet wide into public easements for utilities. This request is needed for the installation of a security fence and card reader to provide secured parking to the tenants of 5617 Michigan Condominium.

The request was approved by the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

Southwest Housing Solutions (the Petitioner) attempted to secure the signature from the abutting property owner at 3847 35th Street for the closure of the North-South public alley in said area. The petitioner has on record with City Engineering Division — DPW a copy of the letter and certified mailing receipt sent to the abutting property owner for the consent of the North-South public alley. The petitioner allowed for a 30-day turn around for a response to the closure. The letter was not returned with or without consent to the petitioner request within the 30-day period.

The Supervisor of Maps and Records for the City Engineering Division — DPW conducted a site investigation on June 4, 2009 to check the condition of the alley and to determine if the property owner at 3847 35th Street needs access from the alley. The findings were that the property at 3847 35th Street has a garage, but the garage is in disrepair and the property owner has access from 35th street to the garage.

All City departments and privately owned utility companies have reported no objections to the conversion of the public rights-of-way into a private easement for public utilities. Provisions protecting utility installations are part of this resolution.

This resolution is attached for your Honorable body for consideration.

Respectfully submitted,

JESSY JACOB, P.E.

City Engineer

City Engineering Division — DPW

By Council Member Reeves:

**RESOLUTION APPROVING  
BROWNFIELD PLAN OF THE CITY OF  
DETROIT BROWNFIELD  
REDEVELOPMENT AUTHORITY FOR  
THE ST. AUBIN SQUARE PROJECT**

City of Detroit  
County of Wayne, Michigan

By Council Member Reeves:

WHEREAS, Pursuant to 381 PA 1996, as amended ("Act 381"), the City of Detroit Brownfield Redevelopment Authority ("Authority") has been established by resolution of the City Council of the City of Detroit (the "City") for the purpose of promoting the revitalization of eligible properties in the City; and

WHEREAS, Under Act 381 the Authority is authorized to develop and propose for adoption by City Council a brownfield plan for one (1) or more parcels of eligible property; and

WHEREAS, An eligible taxpayer may qualify for a tax credit pursuant to Michigan Public Act 36 of 2007, as amended (the "Michigan Business Tax Act"), for any eligible investments on eligible property identified under a brownfield plan; and

WHEREAS, Pursuant to the resolution establishing the Authority and the bylaws of the Authority, the Authority has submitted a proposed brownfield plan for the St. Aubin Square Redevelopment Project (the "Plan") that would enable the owner to apply for a Michigan Business Tax Act credit for eligible investments on eligible property as defined by Act 381, as amended, after the adoption of this Plan; and

WHEREAS, The Authority submitted the Plan to the Community Advisory Committee for consideration on May 28, 2009, per the provisions of the resolution establishing the Authority, and a public hearing was conducted by the Authority on June 9, 2009 to solicit comments on the proposed Plan; and

WHEREAS, The Community Advisory Committee recommended approval of the Plan on May 28, 2009; and

WHEREAS, The Authority approved the Plan on June 11, 2009 and forwarded it to the City Council with a request for its approval of the Plan; and

WHEREAS, City Council has published the required notice of the public hearing on the Plan; and

WHEREAS, The City Council held a public hearing on the proposed Plan on July 8, 2009.

NOW, THEREFORE, BE IT RESOLVED, THAT:

1. Definitions. Where used in this Resolution the terms set forth below shall have the following meaning unless the context clearly requires otherwise:

"Eligible Activities" or "eligible activity" shall have the meaning described in Act 381.

"Eligible Property" means the property designated in the Plan as the Eligible Property, as described in Act 381.

"Plan" means the Plan prepared by the Authority, as transmitted to the City Council by the Authority for approval, copies of which Plan are on file in the office of the City Clerk.

"Taxing Jurisdiction" shall mean each unit of government levying an ad valorem property tax on the Eligible Property.

2. Public Purpose. The City Council hereby determines that the Plan constitutes a public purpose.

3. Best Interest of the Public. The City Council hereby determines that it is in the best interests of the public to promote the revitalization of environmentally distressed areas in the City to proceed with the Plan.

4. Review Considerations. As required by Act 381, the City Council has in reviewing the Plan taken into account the following considerations:

(a) The property designated in the Plan meets the definition of Eligible Property, as described in Act 381;

(b) The Plan meets the requirements set forth in section 13 of Act 381.

(c) The proposed method of financing the costs of Eligible Activities is feasible.

(d) The costs of Eligible Activities proposed are reasonable and necessary to carry out the purposes of Act 381.

(e) No captured taxable value is estimated to result from adoption of the Plan since all Eligible Activities will be financed by the owner of the Eligible Property and the Plan does not provide for the use of tax increment revenues for eligible activities.

Honorable City Council:

Re: Address: 14824 Robson. Name: Rickey Jones. Date ordered removed: December 2, 2008 (J.C.C. p. 3362).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on May 21, 2009 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of May 18, 2009.

The proposed use of the property is owner occupancy. This is the first deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

Respectfully submitted,

SHEILAH L. JOHNSON

By COUNCIL MEMBER WATSON:

WHEREAS, The Carter-Harris family roots travel back to the motherland of Africa. In or about 1828, Telivia Nancy Carter born in Johannesburg, South Africa was purchased by the Carter plantation. Word is that Nancy spoke French and soon learned to speak English. Thus she was given the task of teaching her master's children to speak French. Nancy married Bob, both having the same last name because he too was a slave from the Carter plantation, and

WHEREAS, Bob and Nancy had a total of nine children. During the same time frame, the Harris Plantation purchased Jacob Harris, a slave from Charleston, North Carolina. He was united in marriage to Oliver Tolliver, a slave from the Tolliver plantation in Lee County, Alabama. This union took place in January, 1848. On October 25, 1848, their first child, a son, Abraham was born. Between 1848 and 1875 Jacob and Oliver had thirteen children, and

WHEREAS, In 1864, the union of Abraham Harris and Nicy Carter took place at Mt. Zion A.M.E. Church in the now Lee County, Alabama. This was the beginning of the Carter-Harris-Clan, and

WHEREAS, By 1910, some members of the Carter-Harris clan began to move to other states. Today the Carter-Harris Clan

can be found in most of the states. In 1991, our family reunion was in Lee County where the family church, Mt. Zion A.M.E., still stands, and

WHEREAS, Between the years of 1991 and 1999 extensive research was done on our family and the 1500-acre Harris plantation was discovered. The Harris family is still in possession of the property. Nancy Barrington, our researcher met with the Harris family. At the Washington D.C. family reunion in 1999, we had our first face to face with the family of the slave owners. In 2003, Nancy Barrington embarked on an awesome venture by having the Harris family invite the Carter-Harris family to the plantation in Opelika, Alabama. Much tension, curiosity, wonderment and avoidance emerged. The most powerful site on the land was the slave cemetery where over 65 slave graves were found. The order of the head and foot markers were still in place. Both families (descendants of former slaves and descendants of slave owners) prayed at the historical site. Today, we find that we have come a long way and that both families share the same, life styles, careers, family values and goals. THEN THEREFORE BE IT

RESOLVED, That Council Member JoAnn Watson and the Detroit City Council congratulates you on your 2009 family reunion.

### PUBLIC COMMENTS

**ALLAN HUDDLESTON** stated the city is in financial distress and continues to spend money on lawsuits which are being settled out of court. He also complained of potholes, vacant lots in need of cutting, and vacant homes in the city.

**STARR HUDDLESTON** indicated to Council she was not present today to campaign although she is a candidate for City Council. Ms. Huddleston stated she was here to inform all Detroiters that the University of Michigan has teamed up with several organizations to offer each candidate for various offices five minutes of air time on cable channel 287 and channel 56 for those with converter boxes, from 8:00 p.m. to 9:30 p.m.

**SHIRLEY REASOR** offered her assistance with regards to the Paradise Valley Project. Ms. Reasor was invited to attend a meeting that will be taking place in a public setting in the very near future. She was also referred to the City Planning Commission for additional info.

**LOLA PETTIS** reiterated her original request to Council 30 days ago for assistance with enormous property taxes on a home she purchased in the city for \$12,000. Council Members Watson and Reeves offered to assist her today with her issue.

**MINISTER ADARA WILMORE** offered prayer for the City of Detroit.

**DR. AARON W. HILL** stated he is the Chair of the Committee of Detroit Human Services Quality of Life Services. He indicated that he previously asked about the activity carried on in their block clubs and said it appeared he stepped on someone's toes and as a result, was issued a ticket for \$200 because he did not take care of the property adjacent to his property. Also, he received a \$50 ticket because his alley was not clean. Mr. Hill informed Council he purchased a camera and took photos of his property. He asked Council to look into the situation. President Pro Tem. Watson asked the Executive Branch and the City Planning Commission to assist Mr. Hill.

**RUEDELL HOLMES** inquired about how she could obtain a grass-cutting contract with the City of Detroit. Council President Cockrel asked one of his staff members to try and set up a meeting between the Mayor's Office and Ms. Holmes.

**TYRONE TRAVIS** asked City Council to

not sign-off on the Cobo Hall issue and to reject the Cobo Hall issue because he feels the democratic rights of Detroit citizens are being taken away. Mr. Travis quoted House Bill 4998 and Section 7.

**K. COCKREL:** I know there was a hearing on this matter that was held last Thursday in Council Member Watson's committee and it is my understanding from what I heard because I wasn't able to attend, that there was a desire expressed on the part of a number of attendees for Council to vote on this. That would actually conflict with a recommendation of the Mayor that was made on June 30 when he addressed City Council, and at that time, he indicated that it was his desire that no resolution be acted on and that Council simply let the thing go into effect. My first question to the Mayor's Office is, is that still the Mayor's position and if so, why?

**KAMAU MARABLE (Mayor's Office):** It is not the Mayor's desire, it is the way that statute is written. It is written that no affirmative action needs to be taken by this Honorable Body for it to take effect, only a negative vote can be taken, if you choose to disapprove the agreement.

**K. COCKREL:** Okay, but I believe the statute does not preclude Council from passing an affirmative resolution in support as well.

**MARABLE:** It does not.

**K. COCKREL:** Secondly, Council Members, is it your desire that we vote on this?

**COLLINS:** Yes.

**K. COCKREL:** If so, we would have to do it next Tuesday.

**COLLINS:** I think it is important that City Council vote on that issue and not let it just automatically go into effect. I think we need to have a discussion then vote.

**WATSON:** Cobo was addressed last Thursday at great length and one of the statements I made in that meeting that I believe the City of Detroit should officially ask for economic stimulus funds-special infusion in the same way the auto industry has gotten a bailout. I believe the city should request special dispensation from the federal government for the expansion of Cobo.

**SHEILA CROOKS** expressed concern about a rental property she and her husband own on Hecla Street, which she said is surrounded by vacant homes, drug trafficking, dog fights, and lack of police presence. She also complained of a vacant property she had been trying to purchase, but that it is now being vandalized and stripped and she wants it torn down. Ms. Crooks asked for more police patrol and help

from the city in maintaining vacant properties. Council Member Tinsley-Talabi asked Ms. Crooks for addresses and more details and said she would assist her. President Pro Tem. Watson asked one of her staff to work with Member Talabi's staff today on the matter.

**INTERNAL OPERATIONS STANDING COMMITTEE COMMUNICATIONS: Taken from the Table**

On June 15, 2009, a case evaluation panel evaluated the above-captioned lawsuit and awarded Sixteen Thousand Dollars (\$16,000.00) in favor of Plaintiff. "Eligible Activities" or "eligible activity" shall have the meaning described in Act 381.

"Eligible Property" means the property designated in the Plan as the Eligible Property, as described in Act 381.

"Plan" means the Plan prepared by the Authority, as transmitted to the City Council by the Authority for approval, copies of which Plan are on file in the office of the City Clerk.

**Department of Public Works  
City Engineering Division**

June 16, 2009

Honorable City Council:

Re: Petition No. 3093 — Groundwater & Environmental Services Inc. (GES) request for encroachments of monitoring wells within the alley way and Hazelwood Street adjacent to 8901 Woodward.

Petition No. 3093 of "Groundwater & Environmental Services Inc. (GES)" whose address is 10381 Citation Drive, Suite 500, Brighton, Michigan 48116 request permission to install three (3) monitoring wells within the north-south public alley, 20 feet wide, and Hazelwood Street, 60 feet wide, all in the area of Taylor Street, 60 feet wide, Hazelwood Street, 60 feet wide, and west of Woodward Avenue, 100 feet wide. The purpose of the bored well is to monitor the existence or extent of soil contamination from leaking underground fuel storage tanks (a.k.a. "L.U.S.T.").

The encroachment petition was referred to the City Engineering Division — DPW for investigation and report. This is our report:

The Department of Environmental Affairs (DEA) is responsible for developing and implementing a coordinated and comprehensive environmental policy for the City of Detroit, including soil remediation from leaking underground fuel storage tanks. To ensure public safety DEA will review the petitioner's environmental activities prior to the issuance of city permits. A Right-of-Entry is required by DEA prior to contractor field activity.

Soil borings and monitoring well installations are equivalent to an "open cut" in a public street or alley. Necessary permits have to be obtained for any street or alley opening, backfill, surface restoration, barricade, or occupancy of the city rights-of-way to install monitoring wells. The City Engineering Division — DPW will require the permit applicant to secure approval of project plans from the Department of Environmental Affairs.

It is the responsibility of "Groundwater and Environmental Services Inc. (GES)/Shell Oil" to give reasonable and proper notice to any abutting property owner(s) before commencing any open cut or boring operations within public rights-of-way.

The enforcement of fire safety regulations and building codes is the responsibility of the Fire Marshal and Buildings and Safety Engineering Department.

Generally, the Fire Marshal and Buildings and Safety Engineering Department report no objections to the placement and maintenance of permanent L.U.S.T. monitoring well encroachments within public rights-of-way.

The Public Lighting Department (PLD) reports having overhead fed street lighting poles on Hazelwood. PLD requires 24-hrs vehicle access to the construction site to perform circuit and cable maintenance.

The Water and Sewerage Department (DWSD) reports involvement, but no objections provided the proposed encroachments for monitoring well installation provide a minimum clearance. The petitioner must follow DWSD provisions.

All other involved City departments and privately owned utility companies request the petitioner(s) make use of "MISS DIG" facilities before any soil borings or permanent monitoring wells are installed in public (street or alley) rights-of-way.

Finally, the City Engineering Division — DPW requires "Groundwater and Environmental Services Inc. (GES)/Shell Oil" to submit certified "as-built" drawings, a map and survey, showing the exact location of the petitioner's completed permanent L.U.S.T. monitoring well installations within public rights-of-way.

In accord with Detroit Code (Sec. 50-1-9), there is an appropriate resolution, granting the encroachment petition, attached for consideration by your Honorable Body.

Respectfully submitted,

JESSY JACOB P.E.

City Engineer

City Engineering Division — DPW  
By Council Member Collins:

Whereas, The Department of Environmental Affairs (DEA) is responsible for developing and implementing a coordinated and comprehensive environmental policy for the City of Detroit, including soil remediation from leaking underground fuel storage tanks. To ensure public safety DEA will review the petitioner's environmental activities prior to the issuance of city permits; also

Whereas, The State of Michigan requires that all underground storage tanks be registered and inspected for leaks. Also, the "State" has mandated the replacement of leaking tanks including removal (and proper disposal) of contaminated soil; also

Whereas, Any L.U.S.T. can contaminate soil and diminish the value of surrounding properties, including public rights-of-way. The taxpayers of Detroit invested substantial capital in the acquisition, site preparation, insurance, and maintenance of public rights-of-way. Finally, it is in the interests of public health, safety, and welfare to detect the presence of hazardous materials and/or soil contamination from L.U.S.T.(s); therefore be it

Resolved, The City Engineering Division — DPW is hereby authorized and directed to issue permits to “Groundwater and Environmental Services Inc. (GES/Shell Oil)” at the site of 8901 Woodward, Detroit, Michigan to install and maintain three (3) monitoring wells encroaching within public rights-of-way for the purpose of detecting the presence of hazardous materials and/or soil contamination from any leaking underground storage tank (L.U.S.T.); said public right-of-way being nearby or adjoining property described as follows:

Land in the City of Detroit, Wayne County, Michigan being adjacent to and adjoining Lot 59 through 61, both inclusive, all in the “Warner’s Subdivision” of Lot 6, 1/4 section 45, 10,000 Acre Tract, Greenfield (now City of Detroit), Wayne County, Michigan as recorded in liber 13, page 93, Plats, Wayne County Records;

1 — Monitoring well on within the southerly portion of the North-South public alley 20, feet wide between Taylor Street, 60 feet wide and Hazelwood Street, 60 feet wide.

2 — Monitoring well within Hazelwood Street, 60 feet wide, with one on the North side of the right-of-way and the other monitoring well is on the south side of said right-of-way

Provided, That nothing in this resolution shall be construed as giving any authority, permission or grant to the permittee for any part of the encroaching L.U.S.T. monitoring wells to be placed upon the surface or underground rights of privately owned property. Enforcement of violations of fire safety regulations and building codes is the responsibility of the Fire Marshal and the Buildings and Safety Engineering Department. The petitioner shall apply to the Buildings and Safety Engineering Department for approval and permits to place any monitoring wells on privately owned property (if necessary); and further

Provided, It is the intention of this resolution to authorize the City Engineering Division — DPW (prior to the issuance of “encroachment” permits) to require the permit applicant to perform any reasonable task to protect public property interests including, but not limited to, the submission of engineering plans (containing construction details and distances from property lines) of the proposed encroaching L.U.S.T. monitoring wells. The City Engineering Division — DPW shall require the permit applicant to secure approval(s) of said plans from the Department of Environmental Affairs. Also, the City Engineering Division — DPW may require the permit applicant to secure approval(s) of said plans from Wayne County, the State of Michigan, other city departments (including commissions, authorities, corporations, councils,

boards, contractors, and agencies whenever applicable) and/or utility companies; whether Wayne County, the State of Michigan, other city departments and/or utility companies are specifically enumerated in this resolution or not; and further

Provided, Said L.U.S.T. monitoring well encroachments shall be maintained under the rules and regulations of the City Engineering Division — DPW, the department of Buildings and Safety Engineering, and the Fire Marshal in accord with Detroit Code Section 50-1-9 and 10; and further

Provided, Whenever it becomes necessary to open-cut, drill, bore, jack, occupy or barricade public rights-of-way for additional test holes or maintenance of the monitoring well installation(s), such work shall be according to detailed permit application drawings (to be submitted by the petitioner or their assigns, subject to city department review and stamp approvals) prior to any public right-of-way construction (including, if necessary, adjustments or removals); and further

Provided, It is the responsibility of “Groundwater and Environmental Services Inc. (GES)/Shell Oil” to give reasonable and proper notice to any abutting property owner before commencing any (permitted) open cut or boring operations within public rights-of-way; and further

Provided, Said encroaching L.U.S.T. monitoring well installations shall be according to the specifications of the Public Lighting Department (PLD). Monitoring wells drilling equipment shall use “care and caution” to clear PLD overhead power lines; PLD requires the installer to maintain a minimum 10 feet horizontal clearance at all times. The proposed permanent monitoring wells are not allowed to be built over PLD facilities (maintain a minimum of 3.00 feet horizontal clearance from any underground PLD facilities and/or manholes). The fixed encroachments shall not hinder movement of PLD maintenance equipment; and further

Provided, Said encroaching L.U.S.T. monitoring well installations shall be according to the specifications of the Water and Sewerage Department (DWSD). DWSD requires free and easy access to water main and/or sewer facilities at all times to permit proper operation, maintenance, alteration or repair of DWSD sewers, drains, water mains, fire hydrants, catch basins, sewer and water manholes (and any other DWSD facilities). The proposed permanent monitoring wells are not allowed to be built over DWSD facilities or hinder movement of DWSD maintenance equipment; and further

Provided, All costs for the construction, maintenance, permits and use of the

encroaching L.U.S.T. monitoring wells shall be borne by the petitioner. Should damages to utilities occur the petitioner shall be liable for all incidental repair costs and waives all claims for damages to the encroaching installations; and further

Provided, If it becomes necessary to repair or replace the utilities located or to be located in the public rights-of-way, by the acceptance of this permission, the petitioner(s) for themselves, their heirs or assigns, waive claims for any damages to the encroaching installations and agree to pay the costs incurred in the removal, if their removal becomes necessary, and to restore the property affected to a condition satisfactory to the City Engineering Division — DPW at the petitioner's expense; and further

Provided, That the encroaching L.U.S.T. monitoring wells shall be installed and maintained with a secure frame and cover, so as to fit flush within the public sidewalk, berm, or pavement grade. All public rights-of-way shall be maintained safe and convenient for public travel. The petitioner shall be liable for all claims, demands, costs, damages, expenses, and causes of action of every kind and character arising in favor of any person, or other legal entity on account of personal injuries or death or damage to property caused by or claimed or alleged to have arisen out of failure to properly install and maintain any encroaching L.U.S.T. monitoring well. The installation and maintenance of said encroachments shall comply with the rules and regulations of the City Engineering Division — DPW and Traffic Engineering Division — DPW; and further

Provided, The petitioner shall file with the Finance Department and/or City Engineering an indemnity agreement approved by the Law Department, saving and protecting the City of Detroit from any and all claims that may arise there from. Also, the petitioner shall be required by the Law Department in conjunction with the Finance Department — Risk Management Division to present proof of financial capability (bonds or insurance) to pay any claims, damages or expenses that may arise as a result of L.U.S.T. monitoring well(s) placement, installation or maintenance in public rights-of-way; and further

Provided, That said permittee shall be subject to any tax under the provisions of the General Property Tax Act which may be levied against it pursuant to law; and further

Provided, That no rights in the public streets, alleys or other public places shall be considered waived by this permission which is granted expressly on the condition that said encroachments shall be removed at the expense of the permittee

at any time when so directed by the City Council, and the public property affected shall be restored to a condition satisfactory to City Engineering Division — DPW at the permittee's sole cost and expense; and further

Provided, That said permits issued by the City Engineering Division — DPW and/or the Buildings and Safety Engineering Department are granted with the distinct understanding that in the event the City Charter, or Detroit Code(s), or ordinance(s), or resolution(s), or City policies (governing the placement of encroachments in public rights-of-way) are amended to provide for the levying thereafter, of a fee, charge or rental, to be hereafter determined upon, for the occupancy of public streets, alleys or other public places, that the permittee will pay said fee, charge or rental provided for in said Charter, or code(s), or ordinance(s), or resolution(s), or policies; also said permittee does hereby bind itself thereunto, and to accept said permits on the conditions hereby imposed, and in the event said permittee shall contest the validity of said Charter, or code(s), or ordinance(s), or resolution(s), or policies of said fee, charge or rental, or upon refusal to pay same, issued permits shall immediately become void; and further

Provided, That the grade shall be maintained in original condition after installation of the wells with flush covers for the holes; and further

Provided, This resolution is revocable at the will, whim or caprice of the City Council, and permittee hereby waives any right to claim damages or compensation for removal of encroachment(s), and further, that the permittee acquires no implied or other privileges hereunder not expressly stated herein; and further

Provided, That the petitioner shall apply to and become a participating member of the "Miss Dig" to comply with Michigan Public Act 53 of 1974, "Protection of Underground Facilities (460.701-460.718)"; and further

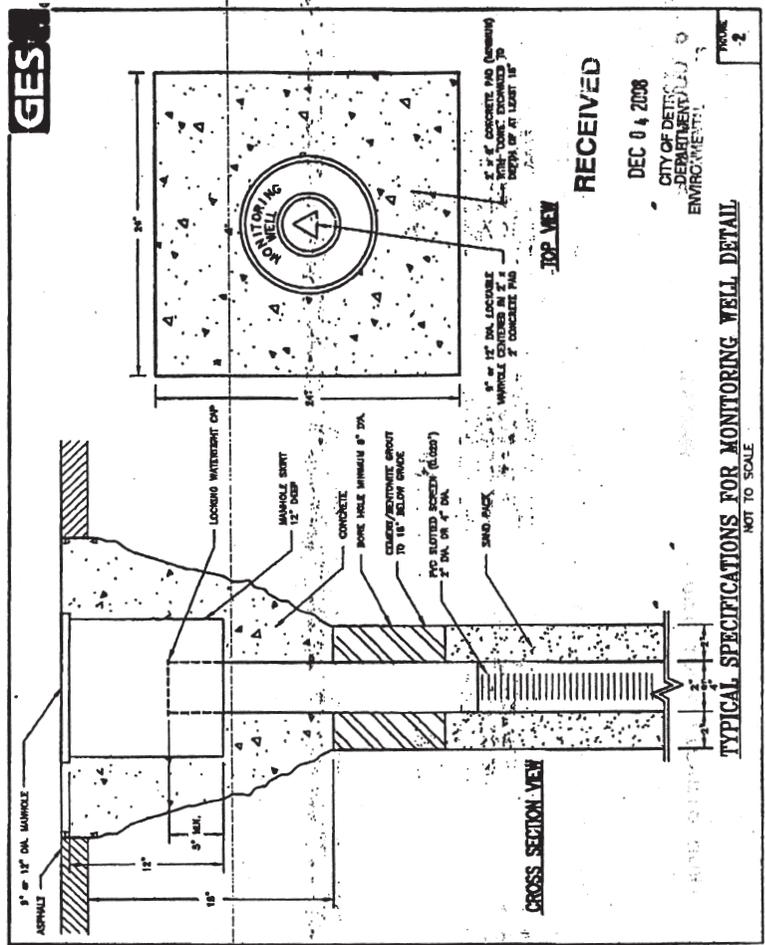

Provided, The filing of the indemnity agreement and the securing of the necessary permit(s) referred to herein shall be construed as acceptance of this resolution by the permittee; and further

Provided, That the encroachment permit shall not be assigned or transferred without the written approval of the City Council; and further

**City of Detroit  
Downtown Development Authority**

June 22, 2009

Honorable City Council:

Re: Downtown Development Authority FY 2009-2010 Budget.

Pursuant to Article 28, Act 197, as amended, we have prepared the attached FY 2009-2010 Downtown Development Authority's (the "DDA") General Fund Budget for your approval prior to adoption by DDA.

The amount of funds available from the one mill tax for FY 2009-2010 has been estimated at \$850,000, net of collection delinquencies and reserves for tax settlements, reflecting a \$50,000 increase from the actual receipts for Fiscal Year 2008-2009. Transfer from the DDA's Tax Increment Fund of an amount of \$500,000 will remain level at the 2008-

2009 allocation. The FY 2009-2010 budget reflects revenues of \$850,000 to be generated from the parking operations, representing a \$50,000 increase from FY 2008-2009 attributable to the stabilized revenues of the Kennedy Garage and the parking lot in the Harmonie Park area. Transfer from Fund Balance has been estimated at \$96,000, which is needed to offset the anticipated shortfall in revenue for FY 2009-2010. This amount represents a decrease from FY 2008-2009 of \$80,000, contributable primarily to the increased revenues from parking operations, and the one mill levy.

On the appropriations side, contractual services of \$1,500,000, reflects no increase from last year. The budgeted amount of \$385,000 for professional services and fees, inclusive of a \$10,000 expense for Computer Support, reflects no change from the 2008-2009 Fiscal Year. The FY 2009-2010 budgeted expenses of \$28,000 related to parking operations shows no change from last year's expenses. Finally, \$500,000 of allocated funds for Special Projects and Contingencies for FY 2009-2010 indicates no increase from last year.

We respectfully request City Council's approval of the attached budget at its June 30, 2009 formal meeting. A waiver of reconsideration is requested.

Honorable City Council:

Re: Acceptance of Countrywide Settlement Funds from the State of Michigan.

As you are aware, the City of Detroit has been allocated \$250,000 from the State of Michigan through the Office of the Attorney General as the result of a settlement with Countrywide Financial due improper lending practices in Michigan.

The settlement funds will be utilized in accordance with the language stipulated in paragraph 6.3 (d) of the Countrywide settlement. More specifically, the funds will be used as follows:

1. \$100,000 — Acquisition and/or rehabilitation of foreclosed properties in target areas to support implementation of the Neighborhood Stabilization Program;
2. \$50,000 — Enhancing public awareness of foreclosure avoidance options through hosting a Foreclosure Prevention Forum and publishing a resource guide for Detroit citizens; and
3. \$100,000 — Promotion of foreclosure prevention/mitigation measures through partnership with a local, experienced non-profit organization to create an Office of Financial Empowerment targeted at increasing the level of financial literacy and quality of financial decisions by residents through provision of prevention/mitigation services and resources.

We respectfully request authorization to accept and administer the settlement funds for Appropriation Number 12958 in the amount of \$250,000 for Fiscal Year 2008-2009. We also hereby request that your Honorable Body adopt the following Resolution with a Waiver of Reconsideration.

By: AUDREY JACKSON

Finance Director

By Council Member Watson:

Whereas, The City of Detroit has consistency demonstrated one of the highest rates of foreclosure, vacancy, and property abandonment in the nation, and

Whereas, Among the prime causes of these foreclosure rates is the improper and predatory lending practices of unscrupulous mortgage bankers and lenders, and

Whereas, The Attorney General of the State of Michigan successfully adjudicated a lawsuit against Countrywide Financial that resulted in a \$250,000 settlement payment to the City of Detroit, and

Whereas, The Attorney General of State of Michigan mandated that the City of Detroit utilize settlement funds in accor-

dance with guidelines found in paragraph 6.3(d) of the Countrywide Settlement and required that the Chief Executive Officer provide a formal memorandum describing how the City of Detroit intends to utilize the funds as designated by the guidelines, and

Whereas, The Attorney General of State of Michigan requested that the City of Detroit provide certification on a semi-annual basis that the funds awarded were spend as detailed in the formal memorandum, and

Whereas, It is the foremost goal of the City of Detroit, its Chief Executive and City Council to disburse the funding from the Countrywide settlement in ways to maximize impact upon underlying causes of foreclosure and demonstrable consequences, inclusive of unsustainable mortgage agreements, predatory lending practices, financial literacy, and vacant property management, and

Whereas, The City of Detroit has established Appropriation Number 36-12958 to accept the settlement funds.

Now Therefore, Be It Resolved, That this Honorable Body accepts the proposed use of funds as outlined by the Executive Branch in a memorandum to the Attorney General of the State of Michigan: (1) \$100,000 for acquisition and/or rehabilitation of foreclosed properties in target areas to complement implementation of the Neighborhood Stabilization Program; (2) \$50,000 to enhance public awareness of foreclosure avoidance options through a Foreclosure Prevention Forum and publication of a resource guide for Detroit citizens; and (3) \$100,000 to establish a partnership with a non-profit, 501c3 organization to create an Office of Financial Empowerment targeted at increasing the level of financial literacy and quality of financial decisions by city residents through provision of prevention/mitigation services and resources; Now Be It Further

Resolved, That the Planning and Development Department be and is hereby authorized to accept, appropriate, establish and administer Appropriation No. 36-12958-Countrywide Settlement in the amount of \$250,000 for fiscal year 2008-2009; Now Be It Finally

**Law Department**

July 15, 2009

Honorable City Council:

Re: Correction of Legal Description in Resolution Adopted July 1, 2008 (J.C.C. pp 1778-9), vacating part of Pine Avenue between Huron and Vermont pursuant to Petition No. 2239.

On July 1, 2008, pursuant to Petition No. 2239, your Honorable Body adopted a resolution vacating the portion of the north 8.00 feet of Pine Avenue between Huron and Vermont abutting Lot 73 (2008 J.C.C. 1778-9). As part of that resolution, your Honorable Body also authorized conveyance of the vacated parcel by deed.

However, in the course of preparing the deed to confirm title of the vacated parcel in the abutting property owner, an error was discovered in the legal description. The correct description includes the north 8.20 feet, rather than the north 8.00 feet. In addition, a typographical error was noted on the map accompanying the resolution, and the resolution erroneously recited that the City had originally acquired title to that portion of Pine Avenue by deed, whereas the actual acquisition was through eminent domain.

The errors have resulted in title exceptions that are interfering with development of the property. Accordingly, after consultation with an concurrence by the Department of Public Works, the Planning & Development Department, the abutting property owner (Greater Corktown Development Corporation), and its title insurer, the Law Department has prepared the attached substitute resolution for your consideration. Adoption of this resolution will clear title and allow development on the vacated parcel and adjacent property to proceed.

Accordingly, adoption of the attached resolution is respectfully requested.

Respectfully submitted,  
JOHN M. NADER  
Senior Assistant  
Corporation Counsel

Approved:

TIMOTHY A. BECKETT  
Supervising Assistant  
Corporation Counsel

By Council Member Reeves:

Whereas, The City of Detroit received Petition No. 2239 from Corktown Housing, LLC, requesting the vacation of that portion of the north eight (8) feet of Pine Avenue, variable width, between Huron Street and Vermont Street adjacent to property described as Lot 73 of the Plat of Larned Subdivision of the Lafferty Farm (also known as the Laferty Farm), recorded in Liber 60 of Deeds, Page 2, Wayne County Records; and

Whereas, On July 1, 2008, the Detroit City Council adopted a resolution vacating the north 8.00 feet of Pine Avenue

abutting said Lot 73, as set forth in the 2008 Journal of City Council, pages 1778 and 1779 (the "**Original Resolution**"); and

Whereas, In addition to vacating that portion of Pine Avenue, the Original Resolution authorized the Director of the Planning & Development Department to issue a quit claim deed to convey of the vacated portion of the street; and

Whereas, Upon further review and investigation, it has been determined that the legal description in Petition No. 2239 and in the Original Resolution were incorrect — specifically instead of the north 8.00 feet, the description should have included the north 8.20 feet; and

Whereas, Upon further review and investigation, it has been determined that the map accompanying the Original Resolution, as set forth in 2008 J.C.C. page 1779, incorrectly identifies Lot 69 as Lot 68, and fails to label the to-be-vacated portion of Pine Avenue as Lot 68; and

Whereas, Upon further review and investigation, it has been determined that the Original Resolution incorrectly states that the City acquired the land for the opening of Pine Avenue by deed, when in actuality the City acquired the land through eminent domain; and

WHEREAS, The Department of Public Works, the Planning and Development Department, and the Law Department agree that the Original Resolution should be amended to make the corrections described above; Now, Therefore, Be It

Resolved, The Original Resolution dated July 1, 2008, J.C.C. pp 1778-79, is rescinded and the following is adopted in its place:

Resolved, That portion of Pine Avenue, variable width, acquired by the City as of February 14, 1922 through eminent domain as set forth in entries in the Journal of Common Council dated September 13, 1921 (JCC pp 1680-82), February 21, 1922 (JCC pp 266-67), April 25, 1922 (JCC p 802), and October 24, 1922 (JCC pp 2104-5) highlighted with cross-hatching on the attached map and described as:

That part of the North 8.20 feet of Pine Avenue, variable width, between Huron Street, 50 feet wide, and Vermont Avenue, 50 feet wide, lying Southerly of and abutting the South Line of Lot 73 also

described as the North 8.20 feet of Lot 68, all in the "Plat of Larned Subdivision of Lafferty Farm" recorded in Liber 60, Pages 2 and 3 of Deeds, Wayne County Records; also described as:

Honorable City Council:

Re: Petition Number 3149 — Request for City Council Approval for the Issuance of a New Michigan Liquor Control Commission Dance and Entertainment Permit to Kiosco Hall, LLC, in Conjunction with the Transfer of a Class "C" Liquor License to 7271 Dix Avenue.

Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance or entertainment permit, or a combination dance and entertainment permit, a location licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the local legislative body of the municipality within which the premises are located.

Pursuant to this requirement, the MLCC has forwarded to this Body a Local Approval Notice (Request ID Number 474482), which has been designated by

the City Clerk as Petition Number 3149. This Local Approval Notice requests approval by City Council of a request for the issuance of a new dance and entertainment permit in conjunction with the transfer of a Class "C" liquor license, in escrow at 2542 Oakwood, Melvindale, from Don Ricardo's Restaurante Y Taqueria, Inc., to Kiosco Hall, LLC, for an establishment at 7271 Dix Avenue.

Chapter 61 of the 1984 Detroit City Code, the Detroit Zoning Ordinance, Article XVII, Zoning Map Number 53, indicates that 7271 Dix Avenue is located on land zoned M2 (Restricted Industrial District). Current permitted land uses for this location include rental hall, standard restaurant, and the sale of beer or intoxicating liquor for consumption on the premises in accordance with Section 61-10-16(41) and (42), Section 61-10-22(5), and Section 61-12-227 of the Detroit Zoning Ordinance.

Pursuant to Buildings and Safety Engineering Department (B&SE) Case Number 67-08, effective May 29, 2009, B & SED has issued Permit Number 07319 and a Certificate of Occupancy and Compliance for the location. B & SED Case Number 67-08, as modified, provides conditional approval for the continued operation of a rental hall with the sale of beer, wine, and liquor on the premises.

Further, B & SED's conditional approval requires that a use agreement between the owner of the rental hall and the person or entity using the rental hall be entered into for each activity at the location, and accordingly, the owner and staff remain on the site during all events associated with the approved uses.

Section 913(1)(b) of the Michigan Liquor Code, being MCL 436.1913, requires that any premises where alcoholic liquor is being consumed for "consideration" shall obtain a state liquor license. Consideration, as defined by the Section 913(1)(5) Michigan Liquor Code, being MCL 436.1913(1)(5), includes any fee, cover charge, ticket purchase, the sale of food, ice, mixers, or other liquids used with alcoholic liquor drinks, or a combination of such service and item. Accordingly, state law requires that the owner of a rental hall have and maintain a liquor license where alcoholic beverages are being consumed for consideration, as defined by state law. Further, pursuant to Section 46-2-1 of the 1984 Detroit City Code, a City rental hall business license is required for any enclosed hall, building, or portion of any building, regularly available for rental, lease, or loan for the purpose of public assembly, banquets, luncheons, entertainment or sports events, whether such public assemblies are public or private or an admission fee is charged. B & SED records indicate that Jose Lopez, the owner of Kiosco Hall, LLC, has applied for a rental hall and a restaurant with Class "C" (MLCC) business license for 7271 Dix Avenue, in conjunction with the request to transfer the Class "C" liquor license to the location.

Therefore, upon City Council's approval of the request for the issuance of a new dance and entertainment permit, in conjunction with the transfer of a Class "C" liquor license to Kiosco Hall, LLC, at 7271 Dix Avenue, and the issuance of a rental hall license for the location, the establishment will be approved for patron dancing and entertainment on the premises. Pursuant to Sections 916(1) and 916(2) of the Michigan Liquor Control Code, being MCL 436.1916(6)(1) and MCL 436.1916(6)(2), the issuance of a dance or entertainment permit does not allow for adult entertainment, such as topless activity, in a licensed establishment.

Due to the fact that this request for approval of the issuance of a new dance and entertainment permit does not concern an activity permit for a nonconforming use under the Detroit Zoning Ordinance, the consideration of this petition at this time is not affected by the Temporary Moratorium approved and extended by resolution of City Council on May 26, 2009. Therefore, the Law Department recommends that this matter be referred to the appropriate Standing

Committee for review and consideration. Attached is a proposed resolution approving the issuance of a new dance and entertainment permit to Kiosco Hall, LLC, in conjunction with the transfer of a Class "C" liquor license to 7271 Dix Avenue.

If there are any questions or concerns, please do not hesitate to contact our office.

Respectfully submitted,  
 KRYSTAL A. CRITTENDON  
 Corporation Counsel

#### City Planning Commission

July 27, 2009

Honorable City Council:

Re: Process and Policy for the siting and review of public art.

The Planning and Economic Development Standing Committee received the original version of this report on Wednesday, July 22, 2009 and moved approval with modification calling for executive/legislative joint leadership of the recommended committee. City Planning Commission (CPC)/Historic Designation Advisory Board (HDAB) staff is submitting this modified report and resolution for your consideration on Tuesday, July 28th.

Over the course of the last year, the City Council has been presented with petitions requesting permission to install public art within the rights-of way on recreation properties and other city-owned land across the City. Council has also been petitioned by persons desirous of erecting statues in honor of such persons as Council Member Maryann Mahaffey or Mayor Coleman A. Young among others. In years past, this Honorable Body has also been presented with art resulting from some sort of competition or simply a donation. Each of these instances has presented a challenge of one sort or another, be it with the

desired site, the size and specifications, the design, maintenance, liability or ownership and copyright. In the past, these matters were often coordinated by the Cultural Affairs Department. Since the elimination of that department in 2005, there has been no single agency charged with simply coordinating the necessary reviews and approvals.

Most recently Council was presented with petitions for the acceptance and placement of artwork in and around the Paradise Valley Culture and Entertainment District at Harmony Park. These petitions raised concern for the procurement process for public art, consistency with an established historic district and associated architecture as well as the items listed above.

These instances illustrate the need for a coordinated process through which such matters may be properly and formally addressed. The proposed artwork for Paradise Valley is currently being handled in that fashion with a multi-agency, multidisciplinary committee. In 2005, just prior to the demise of the Cultural Affairs Department, the department convened such a committee for one meeting, but it never met thereafter. CPC staff has been in contact with the Recreation Department and the Department of Public Works (DPW), the agencies whose properties are generally subject of these requests. The Director of DPW, Alfred Jordan, has expressed the willingness to re-establish this committee and begin the process of putting in place the mechanisms to properly address the siting of art on city-owned land.

**CONCLUSIONS**

CPC and HDAB staff supports the formation of a Public Art Siting Committee and the development of corresponding policy. We believe the committee should include, but not be limited to, DPW, Recreation, HDAB, General Services Department, CPC, Planning & Development Department (P&DD), and the Law Department. Attached for your consideration is a resolution encouraging this approach to be taken by the administration in coordination with this legislative body.

Respectfully submitted,  
MARCELL R. TODD, JR.  
Director

By Council Member Collins:

Whereas, There are various initiatives supporting the creation and installation of art across many and varied contexts; and

Whereas, Public art is increasingly being included in projects ranging from commercial and institutional developments to infrastructure projects; and

Whereas, There is evidence of increased support for the provision of art within the public realm; and

Whereas, The City at present is void of

a clearly understood, coordinated and multidisciplinary process and corresponding policies for the siting and review of public art;

Resolved, That the City Council supports and encourages the establishment of a jointly led executive and legislative committee including but not limited to Department of Public Works, Recreation Department, City Planning Commission, Historic Designation Advisory Board, General Services Department, Planning & Development Department, and the Law Department and charged with the review and siting of art on City owned land; and

Be It Also Resolved, That the participating agencies develop a corresponding set of policies for adoption by City Council.

**City Planning Commission**

July 19, 2009

Honorable City Council:

Re: Revised Master Plan of Policies.

Your Honorable Body held a public hearing on the proposed, revised Master Plan of Policies on April 8. In preparation for adoption of the Master Plan the following report is provided as a follow-up to the public hearing.

In general, Council will recall that adoption and maintenance of a Master Plan is required by the Michigan Planning Enabling Act for any municipality in Michigan that wishes to exercise its zoning authority. The current Master Plan was adopted August 5, 1992 and in the intervening 17 years, 50 some amendments have been prepared and much has changed in the city to merit broad revisions to the Plan.

As indicated in the City Planning Commission's report of January 22, 2009, the Master Plan is the city's overall general vision for development of the City over the next ten to twenty years. While it sets guidelines and general policy it is not intended to address specific issues on a block-by-block basis nor does it dictate the actions of City departments or limit or mandate the choices of private developers. The Plan presents policies with respect to seventeen issues:

- Arts and Culture
- City Design
- Community Organizations
- Economy
- Education and Libraries
- Environment and Energy
- Health and Social Services
- History, Legacies and Preservation
- Industrial Centers
- Infrastructure

- Intergovernmental Relations
- Neighborhoods and Housing
- Parks, Recreation and Open Space
- Public Safety
- Retail and Local Services
- Transportation and Mobility
- Zoning Concepts

The proposed, revised Master Plan comes to City Council after extensive review by the public and other stakeholders. The Planning and Development Department held public hearings throughout the city attended by 467 people; another 72 attended the ten public hearings held by the City Planning Commission (CPC) staff in the neighborhoods for each of the city's ten sectors. The CPC held its statutory public hearing on November 20, 2008 and, on December 4, 2008, recommended approval of the Plan as revised in the version considered by Council on April 8, 2009.

At Council's public hearing it was pointed out that the Master Plan made reference to "major office and retail development" of the Michigan Central depot. In light of Council's recently passed resolution seeking demolition of the depot, it was agreed that Cluster 4, Policy 4.2 be restated to reflect the appropriate development of the Michigan Central depot site.

Council had concerns that the Plan might not afford prospective developers the needed detail to direct them to suitable sites for development. In most instances, the Master Plan itself will provide general and broad direction rather than site-by-site recommendations. However, this Master Plan will feature a new mechanism known as a Supplement.

P&DD, sharing the expressed concern of Council Members for greater detail, envisions supplements as a means of providing additional detail on a case-by-case basis to the Master Plan. Urban Renewal Plans, EDC Project Plans and other plans generated by government, business and community alike could be adopted as supplements to the Master Plan of Policies in order to provide greater detail and guidance.

Actual implementation of the goals and policies of the Master Plan will continue to be shepherded by the City's Planning and Development Department with the Detroit Economic Growth Corporation, Economic Development Corporation, and Downtown Development Authority. It may be appropriate and timely for your Honorable Body to invite those agencies to provide an update as to developments on the near horizon. Council already reviews the various requests for Brownfield Redevelopment districts, Obsolete Property districts, Neighborhood Enterprise Zones, Industrial Development districts, Commercial Rehabilitation districts, and the like.

The resolution for adoption of the pro-

posed, revised Master Plan is again attached for your consideration as recommended by the City Planning Commission on December 4, 2008. We respectfully request that the resolution be forwarded to the Formal Session of the Council agenda for adoption prior to Council's summer recess.

Respectfully submitted,  
MARCELL R. TODD, JR.

### **Economic Development Corporation of the City of Detroit**

June 18, 2009

Honorable City Council:

The Amended and Restated I-94 Industrial Park Project Plan ("Plan") was approved by the Economic Development Corporation of the City of Detroit (the "EDC") on May 8, 2002 and the City of Detroit City Council ("City Council") on August 2, 2002. The Project is an industrial redevelopment project located in the area bounded by Mt. Elliott, Huber, Grinnell, Van Dyke, St. Cyril, and Miller. The Plan authorizes the removal of blighted conditions through the acquisition of privately owned property to be combined with the City's existing ownership within the 189-acre site and for the consolidated property ownership to provide land for a modern industrial park. EDC and City of Detroit Planning and Development Department ("P&DD") staff have cooperatively engaged in implementing the Project.

The State of Michigan Supreme Court ("Court") has held that the constitutional underpinnings justifying the government acquisition of private property cannot be motivated by economic development benefits and, generally speaking, only traditional government functions, activities that are devoted to the use of the property by the public or the elimination of blight, can serve as the basis for acquiring land by condemnation. Although removal and remediation of blighted conditions in the Project Area were contained in the initial Project Plan and the Amended and Restated Project Plan, based on the action of the Court, staff and counsel have determined that it is appropriate to modify the Plan to make it more consistent with the Court's findings that condemnation of private property for the current Plan is motivated primarily by the City's and the EDC's goals of eliminating blight in the Project Area and that the other benefits of the Plan are incidental and not primary.

As originally approved the Amended and Restated Project Plan contemplated a development agreement between Ashley Capital Corporation and the EDC. That development agreement was never finalized. It is therefore necessary to mod-

ify the Plan in a way that permits the EDC to select individual developers and users for portions of the Project Area as set forth in Section F of the Second Amended and Restated Project Plan.

Further, in the time between the approval of the Amended and Restated Project plan and today, EDC and P&DD have conducted acquisition and relocation activities, pursued and received your Honorable Body's approval for a portion of zoning changes and street and alley vacations contemplated by the Plan and taken other actions consistent with provisions of the Plan.

To accommodate the events described above, the EDC and P&DD recommend the approval of the Second Amended and Restated I-94 Industrial Park Project Plan (the "Second Amended Plan") to incorporate the following changes into the Plan:

1. The Plan Summary is amended to demonstrate the consistency of the Second Amended Plan with the Court's findings that condemnation of private property for the current Second Amended Plan is motivated primarily by the City's and EDC's goals of eliminating blight in the Project Area and that other benefits of the Second Amended Plan are incidental and not primary.

2. The Plan Summary is further amended to authorize the process for disposition of property in the Property Area to developers and to reflect the accomplishments made by EDC and P&DD in implementing the Plan, and to reflect that there are approximately 115 parcels remaining to be acquired, of which one is an occupied institutional building and the others are vacant land and buildings.

3. Sections A-D and G are amended to describe the Plan activities completed to date and those remaining for implementation and to address the removal of Ashley as the developer.

4. Sections F and P are amended to demonstrate the consistency of the Second Amended Plan with the court's findings noted in Item 1, above, and to provide for the process for disposition of property in the Property Area noted in Item 2, above.

5. Section H of the Plan is amended to incorporate an updated Project Financial Plan.

6. Section I of the Plan is amended in Items No. 1 and 2 to change the names of persons at EDC and P&DD who will manage the Project and Item No. 3 is eliminated in its entirety.

7. Section J of the Plan is eliminated in its entirety and replaced with the following language:

(a) modify streets, alleys and utilities and install amenities appropriate for a Certified Industrial Park and sell and transfer the title to portions of the property to Developers that may be end-users

and/or developers of facilities for end-users; or

(b) sell and transfer the title to portions of the property to Developers with the stipulation that the Developer must implement the required modifications to streets and utilities and installation of amenities appropriate for a Certified Industrial Park. Certain parcels may be sold to or exchanged with adjacent existing property owners. Land sale proceeds received by the EDC will be utilized for Project costs.

8. Subsection K is amended to read as follows:

Property acquired in the Project Area may be conveyed by the EDC to end-users and developers identified by the EDC, except that certain parcels may be sold to or exchanged with adjacent existing property owners under terms of a development or land transfer agreement with each owner as approved by the P&DD.

9. Sections N and O addressing relocation of persons and benefits to relocated persons are amended to describe application of the provisions during implementation of the Project and to affirm the continued application of these provisions throughout the course of the project.

On June 2, 2009, the EDC Board of Directors approved the Second Amended and Restated Project Plan ("the Second Amended Plan"), which incorporates all these proposed changes, for recommendation to the City Council. A copy of the Second Amended Plan is attached for your review and consideration (Exhibit A). **EDC's Request (Revised Section)**

Honorable City Council:

Re: Eastern Market District. Detroit Market Garden — The Greening of Detroit. Property For Sale By Development Agreement Development: 1850 Erskine.

The Planning & Development Department is in receipt of an offer from The Greening of Detroit, a Michigan Non-Profit Corporation, to purchase the above-captioned property for the amount of \$55,000 and to develop such property. This property contains approximately 108,392 square feet or 2.48 acres and is zoned M-3 (General Industrial District).

In collaboration with the Eastern Market Corporation, Detroit Edison Public Academy Charter School, Gleaners Community Food Bank, Capuchin Soup

Kitchen and Michigan State University, The Greening of Detroit proposes to develop the site as Detroit's Market Garden, a nursery/greenhouse and the City of Detroit's first production focused urban agricultural/community garden. This now vacant property is the former site of a Department of Public Works storage yard/facility.

The Greening of Detroit proposal was formally endorsed by the Eastern Market Corporation in March, 2008, incorporated in the Eastern Market Development Plan presented by that entity to your Honorable Body on November 25, 2008 and prominently featured in a series of five (5) town hall meetings hosted by the Eastern Market Corporation during 2008 and 2009.

The use as a nursery/greenhouse is permitted as a matter of right in a M-3 zone. In addition, upon review of The Greening of Detroit's proposal, the Buildings and Safety Engineering Department (B&SE) has determined that the urban agricultural/community garden component is sufficiently similar to the indoor/greenhouse production of agricultural products and, therefore, classified as a similar use allowable in a M-3 zone.

We, therefore, request that your Honorable Body adopt the sale and authorize the Planning & Development Department's Director, or his authorized designee, to execute an agreement to purchase and develop this property with The Greening of Detroit, a Michigan Non-Profit Corporation, together with a deed to the property and such other documents as may be necessary to effect the sale.

Respectfully submitted,  
WARREN P. PALMER  
Director

By Council Member Reeves:

Resolved, That in accordance with the Offer to Purchase and the foregoing communication, the Planning & Development Department's Director, or his authorized designee, be and is hereby authorized to execute an agreement to purchase and develop the property more particularly described in the attached Exhibit A, together with a deed to the property and such other documents as may be necessary to effect the sale, with The Greening of Detroit, a Michigan Non-Profit Corporation, for the amount of \$55,000.

Land in the City of Detroit, County of Wayne and State of Michigan being all that part of Private Claims 8 & 17, also known as the Dequindre Farm, generally described as lying South of and adjacent to Erskine Street, East of and adjacent to Orleans Street, West of and adjacent to Dequindre Street, and North of and adjacent to Wilkins Street;

and being more particularly described as all that part of Out Lot 6 of the "Subdivision of the rear of the A.

also, the North 56.30 feet of Lot 1 of the “Subdivision of Lot 7 of that portion of Dequindre Farm North of Fort Gratiot Road or Street” as recorded in Liber 37 Pages 460 & 461 Deed, W.C.R.

and also, Lot 23 and the North 15 feet of Lot 24 of the “Lingeman’s Subdivision of part of Out Lot 7, Dequindre Farm, City of Detroit”, as recorded in Liber 1 Page 240 W.C.R.

and be it further

Resolved, That this agreement be considered confirmed when executed by the Planning and Development Department’s Director, or his authorized designee, and approved by the Corporation Counsel as to form.

Re: Petition No. 242 & 2668 — CDPA — Architects — Midwest Creative Investments, LLC, request for vacation of alleys and conversion to easements, in the area of Carpenter, McDougall, Halleck, and Gallagher.

Petition No. 242 and 2668 of "CDPA — Architects — Midwest Creative Investments,

LLC", request for conversion to easements of the East-West public alleys, 16 feet wide, and portions of the North-South public alleys, 14 feet wide; also request the Honorable City Council accept the dedication of private land for alley outlets all in the block bounded by Halleck Avenue, 50 feet wide, Carpenter Avenue, 66 feet wide, McDougall Avenue, 50 feet wide, and Gallagher Avenue, 50 feet wide. This request is to provide the new Bridge Academy Charter School with a playground and playfield.

The new-dedicated public alleys were approved by the City Engineering Division (CED) DPW/Street Design Bureau and the Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

City Council is requested to accept the deed for the land for public purposes; provided said property complies with the requirements of Detroit codes and ordinance No. 29-94; Detroit Code Sections 2-1-11 through 2-1-15 also known as the "Environmental Review Guidelines", and that the fee owner submit a properly executed "warranty" deed; proof of lien-free ownership; proof of paid Wayne County Taxes and proof of paid Detroit property taxes. The new public rights-of-way must be constructed to City Engineering Division — DPW specifications.

All other city departments and privately owned utility companies have no objections to the requested vacation and dedication of the public rights-of-way.

An appropriate resolution is attached for consideration by your Honorable body.

Respectfully submitted,

Honorable City Council:

Re: Address: 7041 Rowan. Name: Jerry Reynolds. Date ordered removed: October 14, 2008 (J.C.C. page 2761).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on June 11, 2009 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of March 17, 2009.

The proposed use of the property is owner occupancy.

This is the first deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of three months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the build-

ing becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four (4) must be made by petition to City Council through the office of the City Clerk.

In accordance with your Honorable Body's request, through Council Member

JoAnn Watson, enclosed is an original of the above-referenced nine (9) proposed resolutions to amend the 1997 Detroit City charter. The resolutions have been approved as to form.

In order for these ballot proposals to be placed on the November 3, 2009 Regular City Election Ballot, the following steps must be adhered to for compliance with the mandates of the Michigan Home Rule City Act, MCL 117.1 *et seq.*, and Michigan Election Law, MCL 168.1 *et seq.*:

1) The City Council must separately adopt each attached resolution by a 3/5 vote of members-elect, prior to the Body's Summer Recess:

2) After adoption by the City Council, each resolution must be sent, by the Corporation Counsel, to the governor and the Michigan Attorney General for approval as to compliance; and

3) After return of the proposals from the Governor and the Michigan Attorney General, the Detroit Election Commission must meet on or before August 25, 2009 and certify the wording of each approved proposal<sup>1</sup> for placement on the November 3, 2009 Regular City Election Ballot.

We are available to answer any questions that you may have concerning these proposed resolutions. Thank you for your consideration.

Respectfully submitted,  
KRYSTAL A. CRITTENDON  
Corporation Counsel

<sup>1</sup>Assuming approval by the Governor and Michigan Attorney General, the wording for each proposal will be the same wording that appears in the attached respective resolution.

By Council Member Watson:

Whereas, Section 21 of the Michigan Home Rule Cities Act, being MCL 117.21, authorizes the Detroit City Council, by a three-fifths (3/5) vote of its members-elect, to propose an amendment to the 1997 Detroit City Charter;

Now, therefore be it

Resolved, That the Detroit City Council proposes to amend Section 2-107 of the 1997 Detroit City Charter, which reads as follows:

**Sec. 2-107. Dismissal proceedings.**

1. *Recall.*

Any elective officer provided for in this Charter may be recalled by the voters of the City in the manner provided by law.

2. *Forfeiture.*

The position of an elective City officer or an appointee shall be forfeited if he or she:

A. Lacks at any time any qualifications required by law or this Charter;

B. Violates any provision of this Charter punishable by forfeiture; or

C. Is convicted of a felony while holding the office or appointment.

The City Council shall be the judge of

the grounds of forfeiture of an elective officer or an appointee. A City Council member charged with conduct constituting grounds for forfeiture may not participate in the resolution of the charge.

A person charged with conduct constituting grounds for forfeiture is entitled to a public hearing before the City Council. Notice of the hearing shall be published in one (1) or more daily newspapers of general circulation in the city at least (1) week in advance of the hearing. Decisions made by the City Council under this section are subject to judicial review in a hearing *de novo*.

### 3. *Removal for cause.*

Any appointee subject to removal for cause may be removed by the appointing authority for lack of qualifications, incompetence, neglect of duties, misconduct, conviction of a felony, or a violation of this Charter or any ordinance, rule or regulation.

In the case of a person appointed to a multi-member body and subject to removal for cause, cause includes "habitual non-attendance" at the meetings of the body as defined in its rules.

An appointee may not be removed under this subsection without an opportunity for a public hearing before the appointing authority. A copy of the charges shall be furnished at least ten (10) days in advance of the hearing.

Be it further

Resolved, That the Detroit City Council proposes to amend Section 2-107 of the 1997 Detroit City Charter to be the form, words, and figures as follows:

#### **Sec. 2-107. Dismissal proceedings.**

##### *A. Recall of elective officers.*

Any of the eleven (11) elective City officers provided for in Section 3-105 of this Charter may be recalled by the voters of the City in the manner provided for by Michigan Election Law.

##### *B. Forfeiture of Office Held by Elective City Officers or Position Held by a City Appointee.*

###### *1. Grounds for Mandatory Forfeiture.*

The office of an elective City officer or the position of a City appointee shall be forfeited where the officer or appointee:

- a. Lacks at any time any qualifications required by law or by Section 2-101 of this Charter, or, for appointees only, any other qualifications required by this Charter; or
- b. Is convicted of a felony while holding the office or appointment.

###### *2. Grounds for Permissive Forfeiture.*

The City Council may determine that the office of an elective City officer or the position of a City appointee should be forfeited where the officer or appointee:

- a. Is determined by a three-fourths (3/4) vote of Council Members serving to have violated the Detroit Ethics Ordinance after either referral from the Detroit Board of Ethics or investigation of Council; or
- b. Violates any provision of this Charter punishable by forfeiture.

### 3. *Procedure.*

Where the City Council determines that forfeiture under Subsection (b)(1) of this section, or under Subsection (b)(2) of this section, or both, is proper, the officer or appointee shall be charged through adoption of a resolution, which provides the factual basis for each charge, by a two-thirds (2/3) vote of members serving. Upon adoption of the resolution, the City Clerk shall forward a certified copy of the resolution to the officer or appointee by registered mail.

An elective City officer or a City appointee charged with conduct constituting grounds for forfeiture is entitled to outside legal representation, as permitted by law, which shall be paid by the City of Detroit at rates commensurate with the hourly rate normally paid by the City, and to a public hearing before the City Council. A City Council member charged with conduct constituting grounds for forfeiture may not participate in the resolution of the charge.

Notice of the hearing and the charging resolution shall be published in one (1) or more daily newspapers of general circulation in the City at least fourteen (14) days in advance of the hearing. A decision by the City Council for forfeiture of the office of an elective City officer or the position of a City appointee is subject to *de novo* judicial review.

### 4. *Hearing Rules.*

In accordance with Section 2-111 of this Charter, the City Council shall promulgate rules for its forfeiture hearings. Such rules shall comport with procedural due process and shall be in effect prior to any resolution charging the elective City officer of City appointee.

#### *C. Removal of City Appointees for Cause.*

##### *1. Grounds.*

A City appointee who is subject to removal for cause may be removed by the appointing authority for lack of qualifications, incompetence, neglect of duties, misconduct, conviction of a felony, or a violation of this Charter or any City ordinance, rule, or regulation. Where a person is appointed to a multi-member body, the basis for removal for cause includes habitual non-attendance of meetings as defined in the Body's rules, or as established by review of the minutes from the Body's meetings.

##### *2. Procedure.*

A City appointee may not be removed under this subsection without an opportunity for a public hearing before the appointing authority. A copy of the charges shall be furnished at least fourteen (14) days in advance of the hearing.

##### *3. Hearing Rules.*

In accordance with Section 2-111 of this Charter, each appointing authority shall promulgate procedural rules for removal hearings. Such rules shall com-

port with procedural due process and shall be in effect prior to any notice or resolution charging the City appointee.

**Office of the City Clerk**

July 27, 2009

Honorable City Council:

Re: Proposed Resolution to Establish An Application Fee for the Processing of MLCC Local Approval Notices for Activity Permits.

Section 9-507 of the 1997 Detroit City Charter provides that any agency of the City may, with the approval of City Council, charge service fees for any ser-

VICES provided by the agency. Pursuant to this provision, the City Clerk's Office has reviewed the proposed City Council Procedures and Criteria, which would establish a revised process for the handling of requests for City Council approval of the issuance of dance, entertainment, and topless activity permits.

As a result of the review, the City Clerk's Office has determined that because of the costs incurred by the City in processing the Local Approval Notices received from the Michigan Liquor Control Commission ("MLCC") requesting City Council approval of the issuance of an activity permit, and application fee should be established.

Accordingly, the City Clerk recommends that a fifty dollar (\$50.00) fee be established to recover the cost of the City Clerk's office staff to: 1) review, process, and distribute the application for the approval of the MLCC permit, 2) cover the postage and photocopying costs for mailing the application package to the applicant, which will include the procedures and criteria, 3) cover personnel time to prepare and mail the notification of application notices, and 4) cover the average cost of postage for the information hearing notices.

Further our review reveals that other communities have established similar fees to help recover the costs for processing MLCC Local Approval Notices. Therefore, we believe that the proposed fee of fifty dollars (\$50.00) is reasonable and reflects the City's cost in processing these requests for approvals.

Attached is a proposed resolution to approve the proposed fee. We are available to answer any questions that you may have concerning this proposed resolution. These fees will not be applied to any requests received by the City Clerk's office prior to this Body's approval of the fee. Thank you for your consideration.

Respectfully submitted,  
JANICE M. WINFREY

City Clerk

By Council Member Tinsley-Talabi:

Whereas, Section 9-507 of the 1997 Detroit City Charter provides that any agency of the City may, with the approval of City Council, charge service fees for any services provided by the agency; and

Whereas, The City Clerk is aware that City Council has adopted a resolution on consideration of requests for approval or disapproval of petitions for the issuance of new, or the transfer of an existing, dance, entertainment, dance-entertainment, and/or topless activity permits in conjunction with the issuance or transfer of Michigan Liquor Control Commission (MLCC) liquor licenses for the on-premises sale of alcoholic beverages within the City of Detroit as referred by the Michigan Liquor Control Commission; and

Whereas, The City Clerk has established a fee for the processing of MLCC Local Approval Notices as it relates to the issuance of new, or the transfer of existing, activity permits in conjunction with licensed liquor establishments; and

Whereas, Upon recommendation from the City Clerk, it has been determined that a fifty dollar (\$50.00) fee be established to recover the cost of the City Clerk's office staff to: 1) receive and process the application and copying costs for the application and procedures, 2) cover the postage for mailing the application package to the petitioner, 3) cover personnel time to prepare and mail the notification of application notices, and 4) cover the average cost of postage; and

Whereas, The City Council has reviewed the proposed fee and has determined that this fee is reasonable;

Now Therefore, Be It Is Resolved, That the Detroit City Council approves the fee established by the City Clerk for the processing of MLCC Local Approval Notices as it relates to the issuance of new, or the transfer of existing, activity permits in conjunction with licensed liquor establishments within the City of Detroit.

July 21, 2008

Honorable City Council:

Re: Amending Resolution of Necessity for the Taking of Private Property for the Amended and Restated I-94 Industrial Park Project.

On July 22, 2009, a Public Hearing is scheduled to be held, to approve the Second Amended and Restated Project Plan ("the Amended Plan"). The Project is an industrial redevelopment project located in the area bounded by Mt. Elliott, Huber, Grinnell, Van Dyke, St. Cyril, and Miller. The Amended Plan authorizes the acquisition of privately owned property to be combined with the City's ownership within the 189-acre site to provide land for a modern industrial park.

An amendment of the original Resolution of Necessity (the "Project Area") is required to coincide with the changes approved through the Second Amended Plan. The Plan demonstrates its consistency with the Court's findings that condemnation of private property is motivated primarily by the City's and the Economic Development Corporation's goals of eliminating blight in the Project Area, and that other benefits of the Amended Plan are incidental and not primary.

We, therefore, request your Honorable

Body adopt the attached Resolution authorizing the Second Amendment of the Resolution of Necessity.

Respectfully submitted,

MARJA M. WINTERS

Deputy Director

**Resolution of Necessity of the City Council of the City of Detroit for the Taking of Private Property for the Benefit and Use of the Public for the I-94 Industrial Park Project and Other Municipal Purposes**

By Council Member Reeves:

Whereas, Pursuant to Act 344, Public Acts of Michigan, 1945, as amended and Public Act 149 of 1911, as amended (the "Acts"), the Michigan legislature has declared and found that there exists in this state the continuing need for programs to alleviate and prevent conditions of blight; and

Whereas, There exists in the City of Detroit (the "City") the need for programs, means and methods, as contemplated by the Act, to alleviate and prevent conditions of blight; and

Whereas, The City has conducted, and made available to this Honorable Body, a blight study which establishes and concludes that the property addressed by this resolution is blighted as defined by the Acts; and

Whereas, The City has previously established The Economic Development Corporation of the City of Detroit (the "EDC") to exercise the powers and authorities granted by the Act to help achieve, among other things, the elimination of blighting conditions; and

Whereas, Effective July 17, 1996, the legislature of the State of Michigan enacted the Michigan Renaissance Zone Act, Act 376, Public Acts of Michigan 1996, as amended (the "Renaissance Zone Act"), to create, among other things, certain renaissance zones, foster economic opportunities, facilitate economic development, stimulate industrial, commercial and residential improvements, prevent physical and infrastructure deterioration of geographic areas within the state; and

Whereas, The City applied to the State of Michigan requesting the designation of certain areas within the City encompassing approximately 1,345 acres comprised of six non-contiguous, distinct geographic areas ranging from as small as 67 acres to as large as 727 acres as a renaissance zone pursuant to the Renaissance Zone Act; and

Whereas, The City received a Renaissance Zone designation commencing December 31, 1996 consisting of the six non-contiguous areas (the "Renaissance Zone"); and

Whereas, The Renaissance Zone designation provides an opportunity to create a significant number of new jobs in the City and to revitalize a diminished indus-

trial and manufacturing base in targeted areas of the City, including but not limited to blighted area; and

Whereas, It is necessary for the best interests of the public to facilitate the elimination of blighted parcels in the City's Renaissance Zone, thereby alleviating slum conditions, blight and economic deterioration therein, and affording the opportunity for revitalization and growth; and

Whereas, On the same day hereof, this Honorable Body adopted a Resolution approving a certain Project Plan previously approved by the EDC on July 14, 1999 for the I-94 Industrial Park project (the "Project") and (the "Project Plan") that will allow for (a) the development of approximately 183 acres for the I-94 Industrial Park Project; (b) the development of public open spaces, water, sewerage, drainage, transportation, power, communication and other public utility uses; and (c) the development of all weather and road access to interior sites for the project area (the "Project"); and

Whereas, The project area consists of approximately 183 acres generally bounded by Grinnell (the north and south side of the street) and Huber on the north, Edsel Ford Freeway on the south, Van Dyke on the east, and Mt. Elliott on the west, with a Conrail line extending through the property in a north-south direction and is more particularly described on the attached Exhibits A-1 and A-2 (the "Project Area"); and

Whereas, The Project Area currently consists of primarily blighted former industrial properties along the western and northern portions of the site and largely vacant blighted former residential properties in the remainder; and

Whereas, While certain individual properties and structures in the Project Area appear to be structurally viable, many properties and structures in the Project Area evidence a state of severe and prolonged deterioration, obsolescence, blight and decay; and

Whereas, The City controls approximately 70% of the land in the Project Area, most of it acquired through State of Michigan tax foreclosures, and these properties are single-family homes or vacant lots; and

Whereas, A number of smaller industrial facilities are also dispersed throughout the western half of the Project Area; and

Whereas, Major industrial facilities are adjacent to the Project Area, including DaimlerChrysler Corporation, Bing Steel, Detroit Water and Sewerage Department, and General Motors Central Industrial Park; and

Whereas, Approximately 75% of the Project Area is vacant, decaying, obsolete, underutilized and blighted; and

Whereas, Pursuant to the Act, the City

may take private property to alleviate blight as a primary public use and may transfer those blighted properties to the EDC to the EDC for use in an approved project on terms and conditions the City deems appropriate; and

Whereas, Pursuant to the Act, the taking of such blighted, decaying, vacant, underutilized, and obsolete property and its subsequent transfer to and use by the EDC shall be considered necessary for public purposes and for the benefit of and/or use by the public; and

Whereas, The City intends that all parcels of property within the Project Area be acquired, by gift, purchase, condemnation, abandonment, or otherwise and a listing of parcels within the Project Area, as the City understands the parcelization of property, is attached hereto as Exhibit B; and

Whereas, The public improvements and developments set forth in the Project Plan are for the use and/or benefit of the public; and

Whereas, It is necessary to acquire the private property situated in the Project Area to construct the public improvements and developments set forth in the Project Plan which are necessary for the purposes, benefits and uses set forth in the Project Plan; and

Whereas, Pursuant to City Ordinance No. 18-96, Chapter 16 §16-22, this Honorable Body must include in this Resolution of Necessity (or in a separate written report), among other things, a summary of the public purposes and/or uses underlying the Project; and

Whereas, The United States Department of Housing and Urban Development recently published a 1998 State of the Cities Report finding that, despite recent socio-economic gains, America's cities still face concentrated poverty, shrinking population, middle class flight, and opportunity caps in jobs, education and housing that are critical to reducing poverty and attracting middle class families; and

Whereas, Despite modest recent socio-economic gains, the City is facing and will continue to face concentrated poverty, a shrinking population, and middle class flight; and

Whereas, According to the United States Bureau of the Census, from 1980 through 1994 the City experience a 16.53% decline in its population, resulting, in an erosion and long-term reduction of its tax base; and

Whereas, According to the Michigan Department of Career Development, as of May 1999, the unemployment rate in the City was a level of 6.70% which is greater than the 3.50% level of the State of Michigan and greater than the 4.20% level for the United States; and

Whereas, According to the Detroit Regional Chamber of Commerce, while

the City's economy has improved over the past several years, it continues to lag behind the economy of the State of Michigan in general, with per capita income in the City for 1998 of \$18,816, as compared to the \$22,329 per capita income for the 1998 for the State of Michigan in general; and

Whereas, According to the 1990 United States Census of Population and Housing, the percentage of the City's population that lived below the poverty level was 32.4%, as compared to 13.1% for both the State of Michigan and the United States; and

Whereas, According to a United States Bureau of the Census report issued in 1998, the percentage of all Wayne County residents living below the poverty level as of 1993 was 24.6%, the percentage of Wayne County residents below the age of 18 living below the poverty level was 41.5% and the percentage of children ages 5 to 17 in families in poverty in Wayne County was 38.2% and, therefore, a large percentage of the City's residents continue to live below the poverty level since the City is the largest municipality in Wayne County; and

Whereas, State legislative initiatives enacted in December, 1998 have reduced the City's share of revenue sharing, from the State of Michigan by freezing the City's revenue sharing distribution at 1999 fiscal year levels; and

Whereas, State revenue sharing legislative initiatives enacted in December, 1998 will result in a 33% reduction in the City's personal income tax rate for both residents and non-residents phased in over 10-year period commencing July 1, 1999; and

Whereas, As a result of the above-referenced state revenue sharing legislative initiatives, assuming a modest annual inflation rate and taxable income growth rate of 3%, in every fiscal year commencing with July 1, 1999, the City will experience an escalating general fund budgetary shortfall, which in the aggregate by fiscal year 2007 will equal approximately \$984 million dollars, for which the City will have to compensate — just to maintain the existing budgetary *status quo* — through alternative forms of revenue, budget reductions and/or improved operating efficiencies to the extent achievable; and

Whereas, The blight survey performed by the City indicates that 100% of parcels to be acquired under this resolution are blighted as defined by the Acts; and

Whereas, This Honorable Body finds that there are numerous benefits to the public associated with or anticipated from the Project; and

Whereas, The Project will promote the reuse of land and buildings in a deteriorated and blighted area of the City in transition from industrial and residential uses

that have for years experienced continuous and persistent economic and physical decline and blight; and

Whereas, The Project will allow for the reclamation of severely deteriorated, obsolete, blighted and decayed property from its current fallow state for the use and benefit of the public as a Certified Industrial Park; and

Whereas, Development of the Project will create a demand for skilled labor, causing private agencies, both profit and non-profit, to increase job training programs in order to ensure an adequately skilled work force; and

Whereas, Changes in land use patterns will also contribute to increased public health by consolidating industrial land uses, alleviating blighting conditions and eliminating incompatible residential uses, allowing residents to be able to live in a cleaner, healthier environment; and

Whereas, The most recent State Equalized Valuation for all of the parcels to be acquired as part of the Project is \$101,628.00 \_\_\_\_\_; and

Whereas, The initial estimate of the total aggregate cost of acquiring all of the property required for the Project, including but not limited to, the estimated total aggregate just compensation to be paid, including contingencies, is approximately \$\_\_\_\_\_900,000.00 \_\_\_\_\_; and

Whereas, The initial estimate of the total aggregate relocation benefits to be paid to any displaced person in connection with property to be acquired, including contingencies, is: \$30,000.00; and

Whereas, An environmental assessment of the property within the Project Area to be acquired has not yet been fully completed; and

Whereas, Based upon preliminary environmental investigations and the City's past experience with major development projects, an allowance for funds for site investigations, site assessments, the response activities, the remedial actions, removal actions, and abatement of any hazardous substance mandated by or anticipated to be performed in compliance with any applicable Environmental law, including the Comprehensive Environmental Response Compensation and Liability Act ("CERCLA"), the Michigan Natural Resources and Environmental Protection Act ("NREPA"), and the Toxic Substance Control Act ("TSCA"), plus contingencies, is \$2 million dollars to \$4 million dollars; and

Whereas, Costs associated with the acquisition, environmental assessments, and remedial actions, if any, and relocation benefits shall be funded by the City of Detroit Planning and Development Department through a State of Michigan Site Reclamation Grant in the aggregate amount of \$1,164,950.00, funds supplied by the City Planning and Development

Department in the aggregate amount of \$2,765,550.00, and a loan from the State of Michigan Strategic Fund in the aggregate amount of \$5,000,000.00; and

Whereas, This Honorable Body has thoroughly considered multiple aspects of the Project in the course of approving the Project Area and the Project District Area and the Project Plan, and in consideration of the foregoing facts, including, but not limited to the multiple hearings, and numerous meetings among City Council staff, the City Council Division of Research and Analysis staff, the City Planning Commission staff, the City Council's Fiscal Analyst, representatives of the Mayor's office, the City Law Department, the City Planning and Development Department and the EDC; and

Whereas, This Honorable Body finds in this Resolution of Necessity evidence of the need for the Project in the City; and

Whereas, The approval of this Resolution of Necessity is necessary for the consummation of the transactions contemplated in the Project Plan and is in the best interests of the citizens of the City; and

Now, Therefore, Be It Resolved That:

1. This Honorable Body finds that the following conditions exist that make this Project Necessary:

a. Effective July 17, 1996, the legislature of the State of Michigan enacted the Renaissance Zone Act to create, among things, certain renaissance zones, foster economic development opportunities, facilitate economic development, stimulate industrial, commercial and residential improvements, prevent physical and infrastructure deterioration of geographic areas with the state;

b. The City applied for and received Renaissance Zone designation effective December 31, 1996 encompassing approximately 1,345 acres comprised of six non-contiguous, distinct geographic areas ranging from as small as 67 acres to as large as 727 acres; and

c. The Renaissance Zone designation provides an opportunity to create a significant number of new jobs in the City and revitalize a diminished industrial and manufacturing base in targeted blighted areas of the City; and

d. It is necessary for the best interest of the public to the elimination of blighted, parcels in the City's Renaissance Zone, thereby alleviating slum conditions, blight and economic deterioration therein, and affording the opportunity for job creation, economic revitalization and growth; and

e. The area currently consists of primarily blighted, vacant, decaying and obsolete industrial properties along with western and northern portions of the site and largely vacant, decaying, obsolete, and blighted residential in the remainder; and

f. While certain individual properties and structures in the Project Area appear to be structurally viable, many properties and structures in the Project Area evidence a state of severe and prolonged deterioration, blight and decay; and

g. The City controls approximately 70% of the land in the Project Area, most of it acquired through State of Michigan tax foreclosures, and these properties are single-family homes or vacant lots; and

h. A number of smaller industrial facilities are also dispersed throughout the western half of the Project area; and

i. Major industrial facilities are adjacent to the Project Area, including Daimler Chrysler Corporation, Bing Steel, Detroit Water and Sewerage Department, and General Motors Central Industrial Park; and

j. Approximately 75% of the Project Area is vacant and/or underutilized and blighted as defined by the Act; and

k. According to the United States Department of Housing and Urban Development, State of the Cities Report, cities like Detroit are facing and will continue to face concentrated poverty, shrinking populations and middle class flight; and

l. Accordingly to the United States Bureau of the Census, from 1980 through 1994 the City experienced a 16.53% decline in its population, resulting in an erosion and long-term reduction of its tax base; and

m. According to the Michigan Department of Career Development, as of May, 1999, the unemployment rate of the City was at a level of 6.70%, which is greater than the 3.50% level for the State of Michigan and greater than the 4.20% level for the United States; and

n. According to the Detroit Regional Chamber of Commerce, while the City's economy has improved over the past several years, it continues to lag behind the economy of the State of Michigan in general, with 1998 per capita income for the State of Michigan; and

o. According to the 1990 United States Census of Population and Housing, the percentage of the City's population that lived below the poverty level was 32.4%, as compared to 13.1% for both the State of Michigan and the United States; and

p. According to a United States Census Bureau report issued in 1998, as of 1993, the percentage of Wayne County residents living below the poverty level was 24.6%, the percentage of Wayne County residents below the age of 18 living below the poverty level was 41.5%; and the percentage of children ages 5 to 17 in families in poverty in Wayne County was 38.2%, indicating that a large percentage of the City's residents continue to live below the poverty level since the City is the largest municipality in Wayne County; and

q. Recent state revenue sharing legislative initiatives enacted in December, 1998 have (1) reduced the City's share of revenue sharing from the State of Michigan by freezing the City's revenue sharing distribution at 1999 fiscal years levels and (2) require a 33% ultimate reduction in the City's personal income tax income tax rate for both residents and non-residents phased in over a ten (10) year period; both of these measures together, assuming a modest 3% annual inflation and taxable income growth rate, have the following budgetary impact on the City in every fiscal year commencing with July 1, 1999, the City will experience an escalating general fund budgetary shortfall, which in the aggregate by fiscal year 2007 will equal approximately \$984 million dollars, for which the City will have to compensate just to maintain the existing, budgetary status quo through alternative forms of revenue, budget reductions and/or improved operating, efficiencies to the extent achievable.

2. This Honorable Body finds the following benefits to the public associated with or anticipated from the Project:

a. The Project will promote the reuse of land and buildings in a deteriorated area of the City in transition from industrial and residential uses that have for years experienced continuous and persistent blight, obsolescence, decay and economic and physical decline; and

b. Changes in land use patterns will also contribute to increased public health by consolidating industrial land uses and eliminating incompatible residential uses and blighting conditions, allowing Detroiters to be able to live in a cleaner, healthier environment; and

c. The project will allow for the reclamation of a severely deteriorated, blighted and decayed property for the use and benefit of the public as a Certified Industrial Park; and

d. Secondarily, conservative estimates are that redevelopment of this deteriorated and underutilized area into a viable industrial park will generate approximately 1,000-1,500 jobs; and

e. The construction and development of the improvements set forth in the Project Plan will significantly aid the continued economic growth and revitalization of the City.

3. This Honorable Body hereby declares that, as a result of the foregoing findings, facts, and determinations, certain and expeditious assembly of land for the I-94 industrial Park Project through the exercise of the City's power of eminent domain is necessary and in the best interest of the City and the public and is essential to the public peace, health, safety and welfare of the City.

4. This Honorable Body hereby declares that the development of the

Project is necessary and essential to the interest of the public peace, health, safety and welfare of the City, to provide means and methods for eliminating moderate to severe blight within the City; and to strengthen and revitalize the communities of the State and the City.

5. This Honorable Body hereby declares that the I-94 Industrial Park Project is necessary and determines that the Project is a major public project that is anticipated to result in increased development and new public facilities for the use and/or benefit of the public by eliminating severe blight.

6. This Honorable Body further declares that it is necessary to take private property for the purpose of such public project and public facilities and hereby determines that the property necessary for the Project is more specifically described on attached Exhibits A-1 and A-2.

7. The city hereby declares its intention that all property necessary for the development of the Project be acquired by gift, purchase, condemnation, abandonment, or otherwise, and to subsequently transfer such property to the EDC on terms and conditions that the City and the EDC deem appropriate and a listing of all the parcels within the Project Area to be acquired, as the City understands the parcelization of property, is attached hereto as Exhibit B.

8. This Honorable Body hereby declares and determination that the taking, transfer and use of the property within the Project Area constitute a necessary public project and public facilities for public purposes and for the health, welfare and benefit of the residents of the City by eliminating blight.

9. The Director of the City Planning and Development Department (and/or his designee) is hereby authorized to make offers to purchase the property within the Project Area, to initiate negotiations for the purchase of such property, and to enter into purchase and transfer agreements in connection with the acquisition of such property.

10. The Director of the City Planning and Development Department shall comply with the terms and conditions of City Ordinance 18-96.

11. If the City is unable to purchase the necessary property in the Project Area from property owners through negotiations, the Corporation Counsel for the City is hereby directed to institute and bring to an appropriate conclusion, the necessary condemnation proceedings on behalf of the City in the Third Judicial Circuit Court for the County of Wayne to acquire such property through the exercise of the City's power of eminent domain, pursuant to 1980 PA 87, as amended, MCL 213.51 et seq., as amended, and other applicable laws.

12. The Corporation Counsel or her designee is authorized to accept deeds and/or property within the Project Area and to authorize requisite documents related to the acquisition of payment for such property.

13. The City Treasurer is directed to prorate all City and County taxes to the date of closing on all property acquired for the Project.

14. The Finance Director or his designee is authorized to honor applications and/or vouchers covering payment or the estimated just compensation deposited with the City Treasurer or his designee when deeds and/or the requisite documents related to the acquisition are presented in advance of any trial related to property within the Project Area.

15. To implement the Project, it is hereby found and determined that certain other official action may be taken by the City with respect to among, other things, changes in zoning in the Project Area, and removal of streets, alleys, the public ways and certain utilities and public facilities.

16. This Resolution of Necessity is to take immediate effect.

**Detroit Police Department**

July 17, 2009

Honorable City Council:  
Re: Request for permission to enter into a Memorandum of Understanding regarding the Southeast Michigan Crimes Against Children Task Force.

The following information is offered in response to your letter dated July 6, 2009.

**1. If the Memorandum of Understanding sign in July, 2007 at a time when it was not "revenue-generated", why did the Department enter into it?**

When the Memorandum of Understanding was signed in July of 2007, Lieutenant Cynthia Williams of the Department's Grants and Contracts reviewed the Detroit City Code, Section 18-5-5, which reads as follows:

*Council approval required for certain contracts; monthly report on certain contracts; emergency procurements; council notification, ratification requires.*

*(a) The following contracts and amendments thereto shall not be entered into without city council approval: Goods services over the value of five thousand dollars (\$5,000); all contracts for personal services, regardless of the dollar value; all revenue contracts, regardless of dollar value; including contracts for services rendered by the city, its departments and agencies; and purchases and sales of and other transfers of interest in municipal land.*

Lieutenant Williams' interpretation of the code led her to believe the memoran-

dum would be governed by Section 6-406 "Form of documents", which reads as follows:

*The corporation counsel shall prepare or approve all contracts, bonds and other written instruments in which the city is concerned, shall approve all surety bonds required to be given for the protection of the city, and shall keep a proper registry of all contracts, bonds and instruments.*

The memorandum was forwarded to the Law Department for review and approval. Once the memorandum was approved by the Law Department the Department executed the MOU.

**2. Why wasn't the MOU brought before Council for approval at the time it was executed with an explanation that funding was pending?**

At the time the MOU was executed there was no funds pending or expected by the Department for the joint collaboration.

**3. Has the Department entered into other MOU's that are not funded?**

Yes, please see enclosed document.

**4. What policy reason did the Department rely on to enter into MOUs that are not revenue-generated?**

The Department relied on Section 6-406 "Form of documents" as stated in the answer to question number one. Any further MOUs, whether revenue generated or not, shall be forwarded for City Council's approval.

Should you have additional questions or concerns regarding this matter, please feel free to contact me at 596-1800, Monday through Friday, 9:00 A.M. to 5:00 P.M.

CRIMINAL INVESTIGATION INTO THE  
CONDUCT OF FORMER MONITOR  
SHERYL ROBINSON WOOD, ALL  
PERSONS ASSISTING HER WITH  
MONITORING DUTIES, AND PRESENT  
AND FORMER CITY OF DETROIT  
EMPLOYEES REGARDING  
COMPLIANCE WITH CONSENT  
JUDGMENTS**

By COUNCIL MEMBER S. COCKREL:

WHEREAS, For ten years the Detroit City Council has taken a strong leadership role in fighting against Detroit Police Department pattern and practices that deprive persons of their rights, privileges and immunities under the United States Constitution, and, specifically, on October 4, 2000, when the Detroit City Council passed the attached resolution requesting an investigation by the United States Department of Justice to determine whether violations under 42 U.S.C. 14141 have occurred; and

WHEREAS, The Detroit City Council's valiant action was acknowledged by the United States Department of Justice on December 12, 2000, with the announcement in the attached letter that a pattern and practice investigation of the Detroit Police Department pursuant to the Violent Crime Control and Law Enforcement Act of 1994, 42 U.S.C. § 14141 would commence, and the investigation eventually resulted in litigation entitled *United States of America vs. City of Detroit*, Case No. 03-72258, before United States District Court Judge Julian Abele Cook, Jr.; and

WHEREAS, The United States and City of Detroit entered into two Consent Judgments in 2003 regarding Conditions of Confinement, and Use of Force and Arrest and Witness Detention; and

WHEREAS, On July 18, 2003, the Honorable Julian Abele Cook appointed Sheryl L. Robinson, now known as Sheryl Robinson Wood and Kroll, Inc. to serve as Monitor over the City of Detroit to ensure timely compliance with the Consent Judgments; and

WHEREAS, The Honorable Julian Abele Cook, Jr. recently reviewed certain documents *in camera* that, in his judgment, were necessary in order to evaluate the status of Sheryl Robinson Wood as Monitor; and

WHEREAS, The Honorable Julian Abele Cook, Jr. contacted Ms. Robinson-Wood by telephone to discuss her ability to remain effective in her position as Monitor; and

WHEREAS, Mayor Dave Bing's Group Executive Saul Green, Esq. has notified the press that the documents Judge Cook reviewed were text message obtained by the U.S. Justice Department that showed an 18-month "personal relationship"

between former Mayor Kwame Kilpatrick and Ms. Robinson Wood, and the text messages indicate the former Mayor and Ms. Robinson Wood met in Washington, D.C. and other places in the country for meals and at hotels that were not related to the consent decree; and

WHEREAS, Based upon his review of the text messages, Judge Cook concluded that Ms. Robinson Wood "had engaged in conduct which was totally inconsistent with the terms and conditions of the two Consent Judgments;" and

WHEREAS, Judge Cook held it had "become readily apparent to the Court that [Ms. Robinson Wood] had engaged in undisclosed communications, as well as meetings of a personal nature, with former City of Detroit Mayor Kwame Kilpatrick during the term of the Consent Judgments, which included inappropriate discussions with him about his lawsuit;" and

WHEREAS, In an Order dated July 24, 2009, the Court accepted Ms. Robinson-Wood's immediate resignation and ordered suspension of all monitoring of the case until an interim monitor can be appointed, and ordered that Ms. Robinson-Wood release, surrender, and turn over forthwith any and all documents in her possession; and

WHEREAS, The swift action and serious tone of Judge Cook's Order causes great alarm to the Detroit City Council as well as the citizens of Detroit that the actions of Ms. Robinson-Wood, her associates, former Mayor Kwame Kilpatrick, and/or possibly other present and former City of Detroit employees may have risen to a level of criminal activity, including obstruction of justice; and

**RESOLUTION URGING THE U.S. POSTMASTER GENERAL NOT TO CONSOLIDATE DETROIT POST OFFICES, STATIONS OR BRANCHES**

By Council Member Watson Joined by Council Members Jones and Reeves:

Whereas, According to the Detroit District Area Local of the American Postal Workers Union, AFL-CIO (APWU), the U.S. Postal Service (USPS) has begun initial studies for consolidation of 740 post offices, stations and branches; and

Whereas, Every Detroit office, station and branch, are on the list for consideration of potential closing or consolidation; and

Whereas, the APWU strongly believes the closing or consolidation of any Detroit locations would negatively impact postal services to Detroit residents in the 482 zip codes as well as the jobs of local postal workers; and

Whereas, The plan to study Detroit locations for consolidation is in addition to the 2007 proposal to close the George W. Young Processing and Distribution Center at 1401 W. Fort Street and move its operations to the Michigan Metroplex facility in Pontiac; and

Whereas, Despite strong opposition from residents and postal workers, the 2007 proposal to take Detroit mail out-city for cancellation is moving forward with equipment and machinery being moved to the Metroplex; and

Whereas, This transfer of operations will abolish the Detroit postmark and any consolidation of Detroit locations will decrease the availability of the USPS in our community; and

Whereas, Any of the initial studies for consolidation of Detroit locations, such as a feasibility study, should be disseminated to the public prior to an scheduled public hearings so that residents and workers can be prepared to offer comments and suggestions on future USPS plans for mail services in Detroit; Now, Therefore Be It

Resolved, That the Detroit City Council strongly urges the U.S. Postmaster General not to consolidate Detroit Post Offices, Stations or Branches so that postal services will not be diminished in any of the 482 zip codes and to preserve postal jobs in the City of Detroit; and Be It Further

Resolved, That the Detroit City Council renews its strong opposition to and continues to urge the U.S. Postmaster General not to transfer the mail cancellation operations from the George W. Young processing and Distribution Center at 1401 W. Fort Street to the Michigan Metroplex facility in Pontiac thereby preserving the Detroit postmark; and Be It Finally

Resolved, That a copy of this resolution be sent to the U.S. postmaster General John E. Potter, USPS Detroit District Manager Nancy Rettinhouse, Mayor Dave Bing and Dwight E. Boudreaux, Sr., President of the Detroit District Area Local American Postal Workers Union, AFL-CIO.

Pursuant to adjournment, the City Council met at 11:15 A.M. and was called to order by the President Kenneth V. Cockrel, Jr.

There being a quorum present, the City Council was declared to be in session.

**PUBLIC COMMENTS**

**TYRONE TRAVIS:** I want to bring to the attention of the audience and to the State and to the different counties that Article VII Section 25 of the State Constitution said that no city may sell any public utility unless it has the vote of the people first. This transfer is a

form of selling. The Interceptor is a public utility and you cannot negotiate that away. Section 7-1504 of our Charter says that any transfer is in violation of the Charter provision not to sell the Interceptor or any parts of the public utility, which is the water interceptor. You are carrying on an outlaw type of activity and you are agents of the city and you are not the principle. The people are the principle.

**City of Detroit  
Water and Sewerage Department**

August 20, 2009

Honorable City Council:

Re: Oakland-Macomb Interceptor Acquisition Agreement between City of Detroit and Oakland-Macomb Interceptor Drain Drainage District. Oakland-Macomb Interceptor Acquisition Agreement between City of Detroit and Macomb County. Wastewater Disposal Service Agreement Between City of Detroit and the Oakland-Macomb Interceptor Drain Drainage District. Resolution Approving the State Revolving Fund Plan for the Oakland-Macomb Interceptor Improvements.

The three (3) contracts and the resolution described above, are required by and will implement the Settlement Agreement of the sewer rate litigation that was approved by the City Council on March 10, 2009. They will transfer ownership of the Oakland-Macomb interceptor (OMI) as provided in the Settlement Agreement and contractually require that sewage flow from the OMI will continue to be delivered to the Detroit Water and Sewerage Department (DWSD) for the next thirty years.

One of the most contentious rate issues between the City of Detroit, Macomb County and Oakland County has been the cost of maintaining and repairing the OMI. There has been litigation over this matter in the 1980's and in the aftermath of the failure of the OMI in August 2004.

The Settlement Agreement resolved the issues surrounding the OMI by providing that the City of Detroit would transfer ownership of the OMI to Oakland and Macomb Counties, or to an authority created by them. The Settlement Agreement also required Oakland and Macomb and/or the authority they create, to sign a new thirty-year contract with the City of Detroit for the delivery of sewage in the OMI to DWSD. The two counties have created the Oakland-Macomb interceptor Drain Drainage District (the Drainage District), which they will jointly administer.

The segment of the OMI that serves both Oakland and Macomb County will be transferred to the Drainage District. The segment of the OMI that serves only

Macomb County will be transferred to Macomb County, which will send the flow in it to the segment of the OMI that will be transferred to the Drainage District. The two counties will sign a thirty-year contract to send that flow to DWSD.

The State Revolving fund resolution is required by State of Michigan regulations and must be adopted in order to get the State to provide some funding for the repair of the Oakland Macomb Interceptor.

We respectfully request the City Council's approval of the three contracts, and the SRF resolution.

Respectfully submitted,  
PAMELA TURNER  
Director

By Council Member Tinsley-Talabi:

Resolved, That the Oakland-Macomb Interceptor Acquisition Agreement between City of Detroit and Oakland-Macomb Interceptor Drain Drainage District, the Oakland-Macomb Interceptor Acquisition Agreement between City of Detroit and Macomb County, and the Wastewater Disposal Service Contract between the City of Detroit and the Oakland-Macomb Interceptor Drain Drainage District are approved.

Adopted as follows:

Yeas — Council Members S. Cockrel, Jones, Kenyatta, Tinsley-Talabi, and President K. Cockrel, Jr. — 5.

Nays — Council Members Reeves, and Watson — 2.

**A RESOLUTION ADOPTING A FINAL PROJECT PLAN FOR WASTEWATER SYSTEM IMPROVEMENTS AND DESIGNATING AN AUTHORIZED PROJECT REPRESENTATIVE**

Whereas, Said Project Plan was presented at a Public Hearing held on June 10, 2009 and all public comments have been considered and addressed.

Now, Therefore Be It

Resolved, That the City of Detroit and the Detroit Water and Sewerage Department formally adopt said Project Plan and agree to implement the Project Plan and agree to implement the selected alternative.

Now, Be It Further

Resolved, That the Director of the Detroit Water and Sewerage Department, a position currently held by Pamela

Turner, is designated as the authorized representative for all activities associated with the project referenced above, including the submittal of said Project Plan as the first step in applying to the State of Michigan for a revolving fund loan to assist in the implementation of the selected alternative.

Adopted as follows:

Yeas — Council Members S. Cockrel, Jones, Kenyatta, Tinsley-Talabi, and President K. Cockrel, Jr. — 5.

Nays — Council Members Reeves, and Watson — 2.
